

Social Monitoring Report

Project Number: 43464-023
February 2018

Period: January 2017 – June 2017

IND: Himachal Pradesh Clean Energy Transmission Investment Program - Tranche 1

Submitted by

Himachal Pradesh Power Transmission Corporation Limited (HPPTCL)

This report has been submitted to ADB by the H.P. Power Transmission Corporation Limited (HPPTCL) and is made publicly available in accordance with ADB's Public Communications Policy (2011). It does not necessarily reflect the views of ADB.

This social monitoring report is a document of the borrower. The views expressed herein do not necessarily represent those of ADB's Board of Directors, Management, or staff, and may be preliminary in nature. In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

GLOSSARY

Affected Household	–	Means project affected household consisting of such persons, his or her spouse, minor sons, unmarried daughters, minor brothers or unmarried sister, father, mother and other members residing with him/her and dependent on him/her for their livelihood.
Displaced Person (DP)	–	In the context of involuntary resettlement, displaced persons are those who are physically displaced (relocation, loss of residential land, or loss of shelter) and/or economically displaced (loss of land, assets, access to assets, income sources, or means of livelihoods) as a result of (i) involuntary acquisition of land, or (ii) involuntary restrictions on land use or on access to legally designated parks and protected areas
Compensation	–	Payment in cash or in kind of the replacement value of the acquired property
Grievance Redressal Committee	–	The committee established under the subproject to resolve the local grievances
Involuntary resettlement	–	Addresses social and economic impacts that are permanent or temporary and are (i) caused by acquisition of land and other fixed assets, (ii) by change in the use of land, or (iii) restrictions imposed on land as a result of a project.
Land Acquisition	–	The process whereby land and properties are acquired for the purpose of the project construction
Rehabilitation	–	The measures provided under the resettlement plan other than payment of the compensation of acquired property.
Replacement Cost	–	The method of valuing assets to replace the loss at market value before the project or dispossession, or its nearest equivalent, plus any transaction costs such as administrative charges, taxes, registration, and titling costs. Replacement cost is based on market value before the project or dispossession, whichever is higher.
Resettlement	–	All the measures taken to mitigate all or any adverse impacts of the project on the DPs property and/or livelihoods including compensation, relocation (where relevant), and rehabilitation

Project Fact Sheet

Loan	LOAN NO. 2794 IND
Project	Himachal Pradesh Clean Energy Transmission Investment Program (HPCETIP) - Tranche 1
Executing Agency	The Executing Agency (EA) for the Himachal Pradesh Power Transmission Corporation Limited (HPPTCL) The EA has established the Program Management units (PMU) to execute, manage and monitor the implementation of the Investment Program, and provide overall policy directions. PMU has the mandate to closely supervise and monitor every component under the Program.
Monitoring Period Covered	January 2017 to June 2017

1. Introduction and Project Description

1. The hydro power potential of Himachal Pradesh (HP) is about 27,436 MW, which is about one-fourth of the total hydropower potential of India. The Government of Himachal Pradesh (GoHP) in its Hydropower Policy (2007), has fixed its targets to harness the hydro power with the goal to become the "hydropower state" of the country. The state's hydropower policy includes development of infrastructure such as road access and transmission interconnections to facilitate hydropower generation and its further evacuation to encourage investment from the state, central government and private sectors. Majority of the hydropower generation projects are run-off- the river type. Implementation of the hydro policy will improve state financial health by earning revenue from supplying surplus power to the National Grid. In addition to developing its hydropower resources, HP has to build out its electric transmission infrastructure so that the additional power can be efficiently transmitted within the state and exported to the national grid.
2. For improvement / strengthening of existing infrastructures and addition of new infrastructure for effective power evacuation, the Government of Himachal Pradesh (GoHP) through the Government of India (GoI), has requested the Asian Development Bank (ADB) for a Multi-Tranche Financing Facility (MFF) to provide financial assistance to the power sector investment program in the state. The investment program covers investments for transmission of clean energy to National Grid of India by construction of pooling substations and extra-high-voltage (EHV) transmission lines. To implement this activity, Himachal Pradesh Government has established Himachal Pradesh Power Transmission Corporation Limited (HPPTCL) vide HP Government notification no. MPP-A (1)-4/2006-Loose dated 11th September, 2008 and HPPTCL was declared as the State Transmission Utility (STU). Vide notification no. MPP-A (3)-1/2001-IV dated 10th June 2010.
3. The \$350 million investments in the MFF to be supported by Asian Development Bank (ADB), will contribute to support the economic development in HP through expanded power supplies from clean energy sources, and support a sustainable state electricity sector in the state. The Himachal Pradesh Clean Energy Transmission Investment Program (HPCETIP) is expected to produce the following outcomes: (i) increase in availability of clean energy downstream at pooling stations for effective power evacuation in a financially sustainable manner, (ii) improvement of state finances and power sector financial viability from sales revenue earned from power exports, (iii) improve sector governance, (iv) improve capacity in HP Power Transmission Corporation Limited (HPPTCL) for better planning, implementation and management of power evacuation infrastructure, and energy efficiency through a better power management program, and (v) Improvement in standards of environmental and social safeguards in the sector. With ADB support, the proposed program will sustain the energy sector reform agenda, and is expected to help attract other long-term financiers to the state.
4. The Tranche 1 sub-projects are located in Kinnaur, Mandi, Kangra and Shimla districts of Himachal Pradesh. The Index Map giving the location of the different sub projects is presented as Figure 1.

Figure 1 Index Map

2. Purpose of the Report

5. The purpose of semi-annual social monitoring report (SMR) is to analyze periodically over the total implementation period of the project to comply with the approved safeguard documents.
6. This report covers resettlement and social safeguard monitoring results to comply with the spirit of ADB policy to 'enhance stakeholders' trust 'in and ability to engage with ADB, and thereby increase the development impact (of projects) in which disclosure of safeguard monitoring is a prominent aspect. This report covers status of resettlement implementation and addressing all the issues related with social safeguards, with reference to the progress achieved and status during the reporting period.
7. This report outlines monitoring implementation of social safeguard activities during January 2017 to June 2017 in accordance with the ADB Safeguard Policy Statement (SPS), 2009.

3 Social Safeguards Categorization

8. The sub-projects under Loan 2794-IND (Tranche 1) do not have any significant involuntary resettlement impacts and the project overall has been categorized as 'B' for involuntary resettlement (IR) and 'C' for Indigenous People (IP) in accordance with the ADB's SPS 2009, which applies to this project.

4. Sub-projects under HPCETIP (Loan 2794- IND) Tranche1

9. The Tranche 1 comprises of six sub-projects (five substations and one transmission line 220 kV of 25.813 km and 400 kV of 3.076 km long). The list of the sub-projects under HPCETIP (Loan 2794-IND) along with their scope, IR impact, status of RP implementation and physical progress is presented below in Table 1.

Table 1: Sub-projects being implemented under Loan 2794 (Tranche 1)

No.	Package No. and Package Description	Name of Contractor	Current Status	Categorization	RP Status	Physical Progress in %
Sub-Stations						
1	22/66/220 kV Substation at Bhoktoo in district Kinnaur i) 220 KV GIS bays a) Line bays- 2 Nos b) Transformer bays- 1No. c) Bus coupler bay-1No. ii) 66KV GIS bays a) Line bays- 1 No. b) Transformer bays- 2 No c) Bus coupler bay-1No. iii) 25/31.5 MVA, 220/66 KV transformer - 1No. a) 10 MVA, 66/22 KV transformer - 2 No The scope also includes, control room & GIS buildings, and other associated civil & Electrical works	M/S Siemens	Awarded and work under progress	C	Not required (Government Land)	98% up to reporting period

2	220/400 kV sub-station at Pragati Nagar (Gumma) with following components i) 400 KV GIS bays a) Line bays- 4 Nos b) Transformer bays- 1No. c) Bus coupler bay-1No. d) Spare transformer bay-1 No. ii) 220 KV GIS bays a) Line bays- 2 Nos b) Transformer bays- 1No. c) Bus coupler bay-1No. d) Spare transformer bay-1 No. iii) Transformers a) 3x105 MVA, 33/220/400 KV transformer with 1 No spare transformer - 1 bank.	M/S Alstom T&D Ltd	Awarded and work under progress	B	Implementation Completed	75% up to reporting period
	iv) 400 kV D/C Transmission Line from 220/400 kV Pooling Station Gumma to LILO point for interconnection with 400 KV Jhakhri- Abdulapur D/C Line of PGCIL near Ghunda village Line Length-3.076 KM Towers- 15 Nos Conductors- Triple snow bird	M/S KEC India Ltd	Awarded and work under progress	B	In progress	10% up to reporting period

3	66/220/400 kV substation at Wangtoo Main components are i) 400 KV GIS bays a) Line bays- 4 Nos b) Transformer bays- 2No. c) Bus coupler bay-1No. d)Spare transformer bay-1 No. i)220 KV GIS bays a) Line bays- 4 Nos b) Transformer bays- 4No. c) Bus coupler bay-1No. d) Spare transformer bay-1 No. i) 66 KV GIS bays a) Line bays- 4 Nos b) Transformer bays- 2No. c) Bus coupler bay-1No. iii) Transformers a) 2x3x105 MVA, 33/220/400 KV transformer with 1 No spare transformer - 2 b) 100 MVA 66/220 KV- 2 Nos	M/S L&T Ltd	Awarded and work under progress	C	Not required Government Land	55% up to reporting period
4	132/33 kV substation at Pandoh	M/S Shyam Indus Power Solutions	Awarded and work under progress	C	Not required (Government Land)	40% up to reporting period
5	132 kV substation Chambi	M/S Shyam Indus Power Solutions	Awarded and work under progress	B	Implementation Completed	40% up to reporting period
Transmission Line						
6	220 kV D/C transmission line from Hatkoti To Pragatinager Line length-25.824 KM Total towers-80 No Conductor- Twin Moose	M/S KEC India Ltd	Awarded and work under progress	B	Under progress	50% up to reporting period

5. Sub-projects implementation (Land Acquisition, Resettlement and Rehabilitation)

5.1 Scope of Land acquisition, Resettlement and Rehabilitation.

10. The three sub-stations located at Bhoktoo, Wangtoo and Pandoh are being constructed on the government land (forest land) for which necessary permissions has been obtained. The remaining two sub-stations located at Pragati Nagar, Gumma and Chambi, Shahpur are being constructed on land acquired from the private owners. The transmission line (Hatkoti to Pragati Nagar, Gumma including LILO of Jakhri- Abdullahpur) requires construction of 95 towers, of which 76 are located on privately-owned land.
11. For the construction of Gumma (Pragati Nagar) sub-station, 2.47 hectares (ha) of private land belonging to one affected household (AH) and for the construction of Chambi sub-station 1.06 ha of private land belonging to five AHs has been acquired. The location of Chambi sub-station has been changed from government to private land.

5.2 Status of Implementation of resettlement activities:

I. 220/400 kV sub-station at Pragati Nagar (Gumma):

12. The land required for construction of sub-station at Pragati Nagar (Gumma) belongs to one AH and amount of INR 34.28 million was paid as compensation for the land (INR 32.96 million) and trees (INR 1.32 million) in 2012 and site was handed over to the contractor in 2014. The land has been acquired through the compulsory provisions of acquisition. The compensation of land was paid prior to start of civil works. The details of compensation are provided as **Annexure 1**.

II. 132 kV sub-station at Chambi:

13. The land was acquired through mutual consent from five AHs and the compensation amount of INR 1.5 million was paid in 2015, and the site was handed over to the contractor in 2016. The compensation of land was paid prior to start of civil works.at the time of mutation in presence of the legal entity (Tehsildar) The details of compensation are provided as **Annexure 2**.

III. 220 kV D/C transmission line from Hatkoti To Pragati Nagar:

14. The land required for the construction of transmission towers in Hatkoti to Gumma transmission line has been acquired through mutual consents. Till the end of this reporting period, the land has been acquired for 53 towers belonging to 66 AHs and paid INR 22.94 million as compensation for land and other assets and INR 1.50 million for fruit bearing trees affected due to land acquired for construction of tower foundation. The payment of compensation of land and trees affected due to land acquisition was done prior to taking possession of land and commencement of civil works. The status of compensation payments for towers in transmission line of Tranche 1 is summarized in table 2 below:

Table 2: Detail of towers in transmission line of Tranche 1.

Tranche 1					
Transmission Line	Length (km)	Towers Details			
		<i>Total number of towers</i>	<i>Towers in private land</i>	<i>Towers for which land was acquired and compensated so far</i>	<i>Towers for which land is yet to be acquired</i>
220kV Hatkoti-Gumma (Pragati nagar) (Kotkhai) transmission line in district Shimla and 400 kvJhakri-Abdullapur D/C transmission line.	220 kV-25.813 km	80	62	53	9
	400 kV-3.076 km	15	14	Nil	14
Total		95	76	53	23

a) Compensation for land acquired for tower footing

15 The HPPTCL has acquired the land for construction of tower footing and so far, 53 towers belonging to 66 AHs has been acquired after paying compensation amount of INR 22.94 million of compensation for land and other assets. During this reporting period 26 towers belonging to 38 AHs have been acquired and compensated amount of INR 12.32 million. The compensation details are provided in **Annexure 3**

Table 3: Detail of compensation for land

S. No	Towers in private land	Reporting period (January-2017 to June-2017)			Cumulative		
		Towers acquired	Total Compensation Land Other assets	Total number of AHs	Tower acquired	Compensation Land Other assets	Total number of AHs
1	76	26	12,320,834	38	53	22,944,613	66

b) Compensation for loss of Structures

- 16 Till the end of reporting period, there has been no impact on any structures. In case there have been any impact of the structures, the valuation will be done as per the last basic schedule of rates and compensation will be paid in accordance with the agreed entitlement matrix.

Table 4: Detail of compensation for loss of Structure.

	Reporting period (January-2017 to June-2017)		Cumulative	
S.no	Structure Compensation	Number of AHs	Structure Compensation	Number of AHs
	No impact	No impact	No impact	No impact

c) Compensation for Crop Loss

- 17 Till the ending of reporting period, there has been no crop loss due to land acquisition and stringing activities

Table 5: Detail of compensation for crop loss.

	Reporting period (January-2017 to June-2017)		Cumulative	
S.no	Crops loss Compensation	Number of AHs	Crops loss Compensation	Number of AHs
	No impact	No impact	No impact	No impact

d) Compensation for impact on Tress

- 18 Till the end of the reporting period, the construction of transmission line has impacted trees belonging to 25 AHs and paid INR 1.50 million. The payment of compensation for trees affected due to land acquisition was done prior to taking possession of land and commencement of civil works. During this reporting period, the 16 AHs were paid INR 0.91 million for loss of trees. The details of compensation have been included as **Annexure 4.**

Table 6: Detail of compensation for impact of loss.

	Reporting period (January-2017 to June-2017)		Cumulative	
S.no	Compensation for Tree loss	Number of AHs	Compensation for Tree loss	Number of AHs
	918080	16	1504232	25

5.3 Status of Temporary impact on Land Acquisition in Reporting Period

19. During the reporting period, no land was temporarily impacted due to the erection of tower.

6. Institutional Arrangements

20. HPPTCL is the Executing Agency (EA) of the state government and is responsible for overall execution of the projects under HPCEIP, supervising implementation of the resettlement plans and ensuring compliance with the loan covenants. The Project Management Unit (PMU) is headed by the Managing Director (MD) and supported by two Directors (one Director (Planning and Contracts) and Director (Projects). Besides, that HPPTCL has eight PIUs (Gumma, Bhabanagar, Rohroo, Sarabai-I, Sarabai-II, Chambi, Chamba, Lahal) which are headed by the Senoir Managers of PIU.

21. The environment and social cell (ESC) at the corporate level monitors the policy and implementation related environmental impacts of all projects of HPPTCL. The ESC at present comprises of one officer of the rank of Deputy Manager who is supported by the Social and R&R consultant and are responsible for day to day functioning of ESC. The order copy of the constitution is attached as **Annexure 5**

22. The HPPTCL has also a designated Land Acquisition Officer, who is responsible for coordination with the local revenue office, district administration, and acquisition of land and payment of compensation. The status of the staffing for land acquisition is provided as table 7.

Table 7 - Staffing for Land Acquisition

Sr no	Position	Agency	Numbers
1	Land acquisition officer	HPPTCL	1
2	Naib Tehsildar	HPPTCL	1
3	Kanngo	HPPTCL	2
4	Patwari	HPPTCL	6

7. Grievances Redress Mechanism

23. The grievance redress committee (GRC) has been constituted by HPPTCL at the PMU and PIU level. There are eight PIUs under HPPTCL. The initial grievances will be received at PIU level and if the grievance could not be addressed at the PIU level or AP is not satisfied with the resolution of grievance, same shall be forwarded to GRC at Head office level. During the reporting period, no grievance has been received. The composition of the GRC at PMU and PIU is presented below in Tables 8 and 9 while order copy is attached as **Annexure 6**.

Table 8 - Composition of Grievance Redress Committee at PMU level

1	General Manager Projects	Member
2	Deputy General Manager Projects	Member
3	Revenue Consultant	Member

Table 9- Composition of Grievance Redress Committee at PIU level

1	Senior Manager	Member
2	Deputy Manager	Member
3	Revenue Consultant	Member

8. GAP Identified during disbursement of compensation

24 Compensation to vulnerable families, identified in Gumma-Hatkoti line was has not been paid so far. The compensation to these vulnerable families as agreed in the RP being processed and will be paid during the next reporting period.

9. Consultation with Stakeholders

25. The ADB-approved safeguards documents have been disclosed on HPPTCL website in line with ADB's SPS 2009 requirements. The translation of safeguard document in local language is in process. During the reporting period, informal consultations were carried out with the stakeholders and details of public consultation is attached as **Annexure 7**

10. Capacity Building Initiatives

26. For proper and smooth implementation of RP implementation and safeguards compliance as per ADB requirement, the capacity building of all the stakeholders involved in implementation work is very important. The philosophy behind this initiative is to develop the better understanding of the problem and to enhance the productivity and efficiency. During the reporting period, a training programme organized by the ADB's on Safeguard requirements was attended by the eighteen participants including both officer's and management of HPPTCL responsible for implementation of safeguards.

11. Loan covenants

27. The status of compliance to the social safeguards loan covenants is provided as Table 10

Table 10:Status of compliance to loan covenants

Project	Schedule	Para No.	Description	Remarks	Type
Loan 2794-IND	5	8	The State shall ensure or cause HPPTCL to ensure that all land and all rights of- way required for each Subproject are made available to the Works contractor in accordance with the schedule agreed under the related Works contract and all land acquisition and resettlement activities are implemented in compliance with (a) all applicable laws and	Partially complied Updating and disclosure of RP is required	Land Acquisition and Involuntary Resettlement
