**AUDITOR'S REPORT**

**(Unmodified Opinion)**

**To: Second Private Sector and SME Development Program, Subprogram 2 ADB Loan No.3037-LAO(SF) for the year 2020.**

**Opinion**

We have audited the financial statements of Second Private Sector and SME Development Program, Subprogram 2 Financing ADB Loan No: 3037-LAO (SF), which comprise the statement of cash receipt and payments, statement of budget versus actual expenditures, statement of imprest/advance account, statement of expenditures and statement of loan withdrawals for the year then end as of 31<sup>st</sup> December 2020, and notes to the financial statements, including a summary of significant accounting policies.

**In Our opinion:**

- A. The accompanying financial statements present fairly, in all and of material respects, the financial position of the project as of 31<sup>st</sup> December 2020, and its financial performance and cash flows for the year then ended in accordance with International Public Sector Accounting Standard- Cash Basis of Accounting (IPSAS-Cash);
- B. The project funds have been used, in all material respects, only for purposes of the project, in accordance with the loan agreement and no proceeds of the loan have been utilized for other purposes;
- C. The project has complied in all material respects with all financial covenants of the loan agreement No 3037-Lao (SF), project administration manual (PAM) and financing agreement;
- D. The accompanying Statement of Imprest Account for loan gives a true and fair view of the balance of Imprest Account as at 31<sup>st</sup> December 2020, and the project's receipts and disbursements via the Imprest Accounts for the year ended 31<sup>st</sup> December 2020 in accordance

with the relevant covenants of loan agreement and relevant regulations established by the Asian Development Bank;

E. The loan withdrawals agreement is reconciled to the Statement of Expenditures (SOEs) prepared by the project during the period and those SOEs were adequately supported and are eligible for financing under the loan agreement of the project.

### **Basis for Opinion**

We conducted our audit in accordance with state auditing standards of Lao PDR and International Standards of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the project in accordance with the ethical requirements that are relevant to our audit of the financial statements in Lao PDR, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statement in accordance with International Public Sector Accounting Standards-Cash Basis of Accounting (IPSAS-Cash), and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the project's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with state auditing standards of Lao PDR and ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with state auditing standards of Lao PDR and ISSAIs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the project's ability to continue as a going concern. If we conclude that a material uncertainty exists we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Project to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
