DMF	50000
TCS	15000

- This permit shall be activated by concerned District Geologist / Asst. Geologist on successful payment mentioned above. The validity of the permit shall be 60 days from the date of activation.
- The depth of the pit below the surface shall not exceed 6 metres.

3. This permit is non-transferable. No other mineral except that for which the permit is granted shall be excavated or removed without proper sanction being obtained from the officer authorised of the Government.
4. When the mining of ninety per cent of the quantity of the mineral is finished, the quarry permit holder shall inform the District Geologist/ District Assistant Geologist and then, the District Geologist/ District Assistant Geologist shall carry out an inspection of the mining area. Even the quarry permit holder should be vigilant enough to be alert to get the inspection on time. The quarry permit holder should be careful to take precautions not to dig or to mine more mass than what is permitted to him.
5. The quarry permit holder should adhere to all terms and conditions pertaining to quarry permit stated under the Gujarat Minor Mineral Concession Rules 2017.
6. The quarry permit holder should dig out and transport the allowed mineral only from the permitted areas of the quarry within the limits of quantity endorsed under this permit.
7. The quarry permit holder should implement and maintain the procedure of transit permit or the equivalent mandatorily.
8. If any other minor or major mineral is found during quarrying operations, it shall be reported to the officer authorised of the Government within a week's time after such discovery.
9. The permit holder shall maintain complete and correct accounts of the minerals excavated, quantity removed from the permit area, wages paid and royalty and other charges leviable for this purpose.
10. The permit holder shall allow the District Geologist/ District Assistant Geologist to verify the books of accounts maintained in relation to the mining of the said mineral. The District Geologist/ District Assistant Geologist should also visit the site in question, to tally the amount of quantity actually dug out with the amount of quantity mentioned in the books of accounts of the permit holder. Then, the facts found during the inspection shall be reported to the Commissioner of Geology and Mining by the District Geologist/ District Assistant Geologist.
11. In the event that the royalty rates are increased by the Government during the tenure of the quarry permit, the permit holder shall pay to the Government, within fifteen days of the date of such notification, the additional royalty, permit premium, security deposit and district mineral foundation contribution amounts.
12. The permit holder shall not commence any quarrying operations without obtaining all applicable environmental clearances for the area.
13. The permit holder shall allow the District Geologist/ District Assistant Geologist to enter and inspect, at any time, the quarrying and mining operations.
14. The permit holder shall immediately report all accidents to the officer authorised of the Government and the District magistrate and the District Superintendent of police of the district in which the permit area is situated.
15. The permit holder shall have no right over the quarry material and other property lying in the permit area after the expiry of the permit.
16. The permit holder shall not cut or damage any trees without prior sanction and without payment of compensation therefore as may be fixed by the Divisional forest Officer or such officer authorised by him in this behalf.
17. If any excess quantity over that permitted quantity is found to be removed, the permit holder shall be liable to pay the amount equal to the value of mineral so removed and shall be liable for punishment under the provisions of the Indian Penal Code, 1860 and the Gujarat Minor Mineral Concession Rules, 2017.
18. If any breach of these conditions or the provisions of section 15 and section 23C is detected, this permit shall be terminated and the material lying on the site will be seized and dealt with in accordance with applicable laws.
19. Every transportation vehicle of the said mineral should have to be weighed and the receipt of weighing should have to be kept safely on record, mandatorily by the permit holder.

20. As soon as the removal of the material granted under the permit is over, the permit holder shall furnish to the District Geologist/ District Assistant Geologist a complete statement showing the quantities removed, details of transport and usage, parties to whom this material has been sold and prices obtained therefor, and shall produce any details, books etc., for the scrutiny to the District Geologist/ District Assistant Geologist as may be called for by him.
21. After submission of the information contemplated vide para 20 above, District Geologist/ District Assistant Geologist shall visit the area for which permit was given within fifteen days and conduct such survey as may be deemed appropriate to check compliance with the terms of the relevant quarry permit. The said officer shall thereafter submit his report within fifteen days of aforesaid survey to the Commissioner of Geology and Mining.
22. The findings pursuant to para 21 above shall be factored in for determining the final settlement with the quarry permit holder.
