## EXECUTIVE SUMMARY

### A. PROJECT DESCRIPTION

1. The SASEC Road Connectivity Investment Program (“SRCIP”) will improve road connectivity and efficiency of the international trade corridor, by expanding about 500 km of roads in the North Bengal and Northeastern Region (NB-NER) of India. The project area under SRCIP is a key strategic thoroughfare integrating South and South East Asia, bordering Bangladesh, Bhutan, Myanmar and Nepal. It will enable efficient and safe transport within India and regionally with other South Asia Sub Regional Economic Cooperation (SASEC) member countries. Ultimately, SRCIP will pave the way from India and other South Asian countries to Myanmar, and further afield to other member countries of the Association of South East Asian Nations (ASEAN).

2. In accordance with ADB's Multi-tranche Financing Facility (MFF) modality, under Tranche 1 of the investment program, two identified core subprojects totaling about 134 km in West Bengal and one non-core subproject in the State of Manipur are taken up considering their significant regional cooperation and integration impacts, economic viability, and social, resettlement and environmental soundness. Another section of Asian Highway (AH-1) from Imphal-Moreh Road in the State of Manipur is being considered for financing as a subproject of Tranche 2. The present study section, Imphal – Moreh is part of Asian Highway AH1 in Manipur state in India. AH 1 is the longest route of the Asian Highway Network, running 12,845 miles (20,557 km) from Tokyo, Japan via Korea, China, Southeast Asia, India, Pakistan, Afghanistan and Iran to the border between Turkey and Bulgaria west of Istanbul where it joins end-on with European route E80. In India AH 1 passes through Numaligarh – Golaghat – Garampani – Barpathar – Naojan – Bokajan – Dimapur – Kohima – Tadubi – Senapati – Kangpokpi – Imphal – Thoubal – Tengnoupal – Moreh (Myanmar border)

3. For the proposed AH-1 section from Imphal-Moreh road the Executing Agency (EA) will be the Ministry of Road Transport and Highways (MORTH) and Implementing Agency (IA) will be the National Highways and Infrastructure Development Corporation Limited (NHIDCL). A Project Implementation Unit (PIU) will be established by NHIDCL which will be responsible for conducting the social assessment and formulating Resettlement Plan (RP) for the subproject, as outlined in the Resettlement Framework (RF). The total length of the project section is 65.68 km.

4. The 95.410 km of Imphal-Moreh road is divided in to two sections based on its geographical, ecological and social features. The 1<sup>st</sup> section is of 65.680 km. Starting from Imphal (design chainage 330.000) to Khongkhang village (design chainage 395.680) and the second section is of 29.730 km. Starting from Khongkhang village (design chainage 395.680) to Moreh village (design chainage 425.410). Two separate Resettlement Plans (RPs) are prepared for these two sections treating them as separate packages. This RP for Imphal-Khongkhang section of Imphal-Moreh subproject is prepared based on the detailed design report prepared by NHIDCL. The RP complies with the applicable State Government, Government of India and ADB policy and legal framework. This subproject is considered as Category-A<sup>1</sup> as per as Involuntary Resettlement (IR) categorization is concerned.

---

<sup>1</sup> According to ADB Safeguard Policy Statement (SPS-2009), Involuntary Resettlement Category A: Significant means 200 or more affected people will experience major impacts, which are defined as (i) being physically displaced from housing, or (ii) losing 10% or more of their productive assets (income generating). Involuntary Resettlement Category B: Not Significant include involuntary resettlement impacts that are not deemed significant

5. The subproject area falls in Imphal West district of Manipur. The proposed subproject can be viewed as boosting economic growth and poverty reduction, which will bring substantial social and economic development in the region. The social benefits arising due to the subproject will be triggered off due to improved accessibility to various services such as easy access to markets, health facilities, schools, workplace etc. which in turn increases the income of the locals, and ultimately elevating their standard of living. Adequate attention has been given during the feasibility and detailed design phases of the subproject preparation to minimize the adverse impacts on land acquisition and resettlement impacts. With the available options, best engineering solution have been adopted to avoid land acquisition and resettlement impacts.

## **B. SCOPE OF LAND ACQUISITION AND RESETTLEMENT**

6. As per the Land Acquisition Plan (LAP) prepared for the project, 198.72 acres of land needs to be acquired for the project out of which private land acquisition requirement for the subproject is 169.64 acres (including revenue land and hill land). Based on the full census survey carried out for the project, 2275 households with 12478 persons are identified to be displaced due the project intervention. There are 378 households being physically displaced as they are losing their residential structures and 1897 households will be economically displaced due to loss of productive land, commercial structures and livelihoods. There are 203 common properties resources (CPR) including religious structures community structures and government structures will be affected by the proposed road widening. The summary findings of the full census survey are presented in the following **Table E-1**.

**Table E-1 Summary Subproject Impacts**

| <b>Sl. No.</b> | <b>Impacts</b>                                    | <b>Number</b> |
|----------------|---|---------------|
| 1              | Total number of private structures affected       | 615           |
| 2              | Total Area of Land required (in Acres)            | 198.72        |
| 3              | Area of private land to be acquired (in Acres)    | 169.64        |

| 5              | Total number of displaced persons                 | 12478         |
| 6              | Total number of economically displaced households | 1897          |
| 7              | Total number of physically displaced households   | 378           |
| 8              | Total number of vulnerable households displaced   | 1257          |
| 9              | Total number of CPR (structure) affected          | 203           |

## **C. SOCIOECONOMIC INFORMATION AND PROFILE**

7. The social stratification of the subproject area shows that the dominance of other backward caste population with 1048 (46.07%) households. There are 12478 displaced persons in total being affected by the subproject which includes 6561 (52.58%) males and 5917 (47.42%) females. The average household size is five and the sex ratio among DPs is 902. According to subproject census survey there are 1216 vulnerable households affected by the subproject. The educational status of DPs reveals that 9.82% DPs are still illiterate in the project area.

8. There are 253 scheduled tribe (ST) households being affected due to the project. Provision for special assistance is made in the entitlement matrix for the DPs belong to ST community.

---

as per the ADB Operational manual Involuntary Resettlement Category C: No involuntary resettlement impacts. A resettlement plan is required in case of both category A and B project.

## **D. STAKEHOLDERS CONSULTATION AND PARTICIPATION**

9. In addition to meaningful consultations held with all affected households or their representatives that were available, public consultations were conducted at 6 villages attended by 152 persons (106 male and 46 female) in the subproject to ensure peoples' participation during the project census survey. Aiming at promotion of public understanding and fruitful solutions of developmental problems such as local needs and problem and prospects of resettlement, various sections of DPs and other stakeholders were consulted through focus group discussions and individual interviews. Several additional rounds of consultations with APs and communities will form part of the further stages of subproject implementation. The implementing NGO will be entrusted with the task of conducting these consultations during RP implementation, which will involve disclosure on compensation, assistance options, and entitlement package and income restoration measures suggested for the subproject.

10. To keep more transparency in planning and for further active involvement of APs and other stakeholders the subproject information will be disseminated through disclosure of resettlement planning documents. The EA will provide relevant resettlement information, including information from the above mentioned documents in a timely manner, in an accessible place and in a form and language(s) understandable to displaced persons and other stakeholders.

## **E. LEGAL FRAMEWORK**

11. The legal framework and principles adopted for addressing resettlement issues in the Project have been guided by the existing legislation and policies of the GOI, the Government of Manipur, Asian Development Bank and the Resettlement Framework (RF) adopted for the project. Prior to the preparation of the RP, a detailed analysis of the existing national and state policies was undertaken and a RF has been prepared for the entire program. This RP is prepared based on the review and analysis of all applicable legal and policy frameworks of the country and ADB policy requirements. The gaps between the policies have been identified and addressed to ensure that the RP adheres to the SPS (2009) requirements.

12. All compensation and other assistances will be paid to all DPs prior physical/economic displacement. After payment of compensation, DPs would be allowed to take away the materials salvaged from their dismantled houses and shops and no charges will be levied upon them for the same. The value of salvaged materials will not be deducted from the overall compensation amount due to the DPs. A notice to that effect will be issued intimating that DPs can take away the materials.

13. The IA i.e. NHIDCL has requested the Manipur Government to procure land for the subproject. In response to NHIDCL's request the State Government of Manipur has come up with a cabinet approval for direct purchase of land through negotiation. In case of failure of any negotiation, the land acquisition in this subproject context will be accordingly the process of RFCTLARR – 2013.

## **F. ENTITLEMENTS, ASSISTANCE AND BENEFITS**

14. In case of land acquisition, the date of publication of preliminary notification for acquisition under section Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (RFCT in LARR Act – 2013) will be treated as the cut-off date. For non-titleholders, the cut-off date will be the end of the census survey which is

29<sup>th</sup> August 2016. Land and structures affected under the subproject will be compensated at replacement cost. DPs who settle in the affected areas after the cut-off date will not be eligible for compensation. They, however, will be given sufficient advance notice, requested to vacate premises and dismantle affected structures prior to subproject implementation. Their dismantled structures materials will not be confiscated and they will not pay any fine or suffer any sanction.

## **G. RELOCATION OF HOUSING AND SETTLEMENTS**

15. The EA will provide adequate and appropriate replacement land and structures or cash compensation at full replacement cost for lost land and structures, adequate compensation for partially damaged structures, and relocation assistance, according to the Entitlement Matrix. The EA will compensate to the non-title holders for the loss of assets other than land, such as dwellings, and also for other improvements to the land, at full replacement cost. The entitlements to the non-titleholders will be given only if they occupied the land or structures in the subproject area prior to the cut-off date.

## **H. INCOME RESTORATION AND REHABILITATION**

16. The subproject impact reveals that due to loss of land and commercial structures 696 households (including households losing livelihoods indirectly such as tenants, sharecroppers, and employees) are losing their livelihood due to the subproject. The entitlement proposed for the subproject has adequate provisions for restoration of livelihood of the affected communities. The focus of restoration of livelihoods is to ensure that the DPs are able to at least achieve pre-project level if not improved. To restore and enhance the economic conditions of the DPs, certain income generation and income restoration programs are incorporated in the RP. To begin with providing employment to the local people during the construction phase will enable them to benefit from the subproject, reduce the size of intrusive work forces and keep more of the resources spent on the subproject in the local economy. It will also give the local communities a greater stake and sense of ownership in the subproject.

## **I. RESETTLEMENT BUDGET AND FINANCING PLAN**

17. The resettlement cost estimate for this subproject includes eligible compensation, resettlement assistance and support cost for RP implementation. The support cost, which includes staffing requirement, monitoring and reporting, involvement of NGO in subproject implementation and other administrative expenses are part of the overall subproject cost. Contingency provisions have also been made to take into account variations from this estimate. The total R&R budget for the proposed subproject RP works out to Rs. 4352.3 million.

## **J. GRIEVANCE REDRESSAL MECHANISM**

18. In the subproject RP implementation there is a need for an efficient grievance redress mechanism that will assist the DPs in resolving their queries and complaints. Therefore, formation of Grievance Redress Committee (GRC) will be most important for grievance redress and it is anticipated that most, if not all grievances, would be settled by the GRC. A project-specific grievance redress mechanism (GRM) will be established to receive, evaluate and facilitate the resolution of displaced people's concerns, complaints and grievances about the social and environmental performance at the level of the Project. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the project. The project-specific GRM is not intended to bypass the government's own redress process, rather it is intended to address displaced people's concerns and complaints

promptly, making it readily accessible to all segments of the displaced people and is scaled to the risks and impacts of the project. During project preparation, information regarding GRCs will be disclosed as part of the public consultation process. Grievances related to the implementation of the project will be acknowledged, evaluated, and responded to the complainant with corrective action proposed. The outcome shall also form part of the semi-annual monitoring report that will be submitted to ADB. The decision of the GRCs is binding, unless vacated by the court of law. The GRC will continue to function, for the benefit of the DPs, during the entire life of the project including the maintenance period.

## **K. INSTITUTIONAL ARRANGEMENT**

19. The Executing Agency (EA) for the Project is Ministry of Road Transport and Highways (MORTH) and the Implementing Agency will be the National Highways and Infrastructural Development Corporation (NHIDCL). The existing NHIDCL has already established a Branch Office (BO) which will be the Project Implementation Unit (PIU) headed by a General Manager (GM), who will be the Project Director (PD). The NHIDCL, headed by MD will have overall responsibility for implementation of loan and will also be responsible for the overall coordination among ADB, MORTH and PIU. For resettlement activities, PIU will do the overall coordination, planning, implementation, and financing. The PIU will appoint a Resettlement Officer (RO) at the rank of Manager and required support staff for the duration of the Subproject to ensure timely and effective planning and implementation of resettlement activities. The RO will be assisted by the respective PIU and NGO for planning and implementation of resettlement activities in the subproject. An experienced and well-qualified NGO in this field will be engaged to assist the PIU in the implementation of the RP. To enhance their capacity, a training/workshop will be conducted under the project involving implementation support agencies.

## **L. IMPLEMENTATION SCHEDULE**

20. Implementation of RP mainly consists of compensation to be paid for affected structures and rehabilitation and resettlement activities. The time for implementation of resettlement plan will be scheduled as per the overall subproject implementation. The civil works contract for each subproject will only be awarded after all compensation and relocation has been completed for subproject and rehabilitation measures are in place. The proposed subproject R&R activities are divided in to three broad categories based on the stages of work and process of implementation such as Subproject Preparation phase, RP Implementation phase and Monitoring and Reporting phase.

## **M. MONITORING AND REPORTING**

21. RP implementation for the subproject by the NGO will be closely monitored by the EA. Keeping in view the significance of resettlement impacts of the overall project, the monitoring mechanism for this project will have both monitoring by PIU and monitoring by an external expert. PIU responsible for supervision and implementation of the RP will prepare monthly progress reports on resettlement activities and submit to PIU. PIU will submit semi-annual reports to ADB. The external monitoring expert responsible for monitoring of the RP implementation will submit a semi-annual review report to PIU to determine whether resettlement goals have been achieved, more importantly whether livelihoods and living standards have been restored/ enhanced and suggest suitable recommendations for improvement.

## I. PROJECT DESCRIPTION

### A. Introduction

1. The SASEC Road Connectivity Investment Program (“SRCIP”) will improve road connectivity and efficiency of the international trade corridor, by expanding about 500 km of roads in the North Bengal and Northeastern Region (NB-NER) of India. The project area under SRCIP is a key strategic thoroughfare integrating South and South East Asia, bordering Bangladesh, Bhutan, Myanmar and Nepal. It will enable efficient and safe transport within India and regionally with other South Asia Sub Regional Economic Cooperation (SASEC) member countries.<sup>2</sup> Ultimately, SRCIP will pave the way from India and other South Asian countries to Myanmar, and further afield to other member countries of the Association of South East Asian Nations (ASEAN).

2. In accordance with ADB's Multi-tranche Financing Facility (MFF) modality, under Tranche 1 of the investment program, two identified subprojects totaling about 134 km in West Bengal and one subproject in the State of Manipur are taken up considering their significant regional cooperation and integration impacts, economic viability, and social, resettlement and environmental soundness. Another section of Asian Highway (AH-1) from Imphal-Moreh Road in the State of Manipur is being considered for financing as a subproject of Tranche 2. The present study section, Imphal – Moreh is part of Asian Highway AH1 in Manipur state in India. AH 1 is the longest route of the Asian Highway Network, running 12,845 miles (20,557 km) from Tokyo, Japan via Korea, China, Southeast Asia, India, Pakistan, Afghanistan and Iran to the border between Turkey and Bulgaria west of Istanbul where it joins end-on with European route E80. In India AH 1 passes through Numaligarh – Golaghat – Garampani – Barpathar – Naojan – Bokajan – Dimapur – Kohima – Tadubi – Senapati – Kangpokpi – Imphal – Thoubal – Tengnoupal – Moreh (Myanmar border).

3. For the proposed AH-1 section from Imphal-Moreh road the Executing Agency (EA) will be the Ministry of Road Transport and Highways (MORTH) and Implementing Agency (IA) will be the National Highways and Infrastructure Development Corporation Limited (NHIDCL). A Project Implementation Unit (PIU) will be established by NHIDCL which will be responsible for conducting the social assessment and formulating Resettlement Plan (RP) for the subproject, as outlined in the Resettlement Framework (RF).

4. The 95.410 km of Imphal-Moreh road is divided in to two sections based on its geographical, ecological and social features. The 1<sup>st</sup> section is of 65.680 km. Starting from Imphal (design chainage 330.000) to Khongkhang village (design chainage 395.680) and the second section is of 29.730 km. Starting from Khongkhang village (design chainage 395.680) to Moreh village (design chainage 425.410). Two separate Resettlement Plans (RPs) are prepared for these two sections treating them as separate packages. The RP complies with the applicable State Government, Government of India and ADB policy and legal framework. This subproject is considered as Category-A<sup>3</sup> as per as Involuntary Resettlement (IR) categorization is concerned. The RP is prepared by carrying out the census survey based on detailed design and land

<sup>2</sup> Comprising of Bangladesh, Bhutan, India and Nepal.

<sup>3</sup> According to ADB Safeguard Policy Statement (SPS-2009), Involuntary Resettlement Category A: Significant means 200 or more affected people will experience major impacts, which are defined as (i) being physically displaced from housing, or (ii) losing 10% or more of their productive assets (income generating). Involuntary Resettlement Category B: Not Significant include involuntary resettlement impacts that are not deemed significant as per the ADB Operational manual Involuntary Resettlement Category C: No involuntary resettlement impacts. A resettlement plan is required in case of both category A and B project.

acquisition plan and therefore treated as final RP. However, during the implementation if any design change occurs and results in additional impacts, an updated RP will be prepared and submitted to ADB for approval.

## B. Subproject Road

5. The subproject road section is an existing NH connecting Imphal and Indo-Myanmar Boarder at Moreh. The road section traverses through four districts of Manipur i.e. Imphal East, Imphal West, Thoubal and Chandel. Out of 65.68 kilometres, the initial 36 kilometres falls in plain area falling in Imphal East, Imphal West and Thoubal districts and inhabited by both general and tribal people having private ownership of land. Rest of the 29.68 kilometers is completely hilly area falling in Chandel district and inhabited by tribal community only having community/customary landholding system.

**Figure 1: Subproject Location Map**

## C. General Profile of the Subproject Area

6. The Subproject road is falling in four Districts of Manipur i.e. Imphal East, Imphal West, Thoubal and Chandel. A brief profile of the Imphal West District is summarized below.

7. Imphal East District came into existence on 18-06-1997 with its headquarters at Porompat occupying the eastern part of Imphal District. The District is situated in two separate valleys of the state namely Central Valley and Jiribam Valley. The total area of District is 469.44 sq. Km. Approximately. The District is situated at an altitude 790 metres above the M.S. Level. The climate of the District is salubrious and Monsoon is tropical. It has no rail network and hence communication is entirely dependent on roads except Jiribam Sub-Division bordering Cachar District of Assam where there is a railhead. The District is connected with N.H. 39, N.H. 53 and N.H. 150. The population of District is 456113 according to 2011 census. The rural population is 183207 whereas the urban population of the district is 272906. Literacy in the District is 81.95% as per 2011 census. Sex ratio of the district as per 2011 census is 1017. The population of Scheduled Tribes in the district is 27652 which are 3.47% of the total population.

8. The Imphal West District falls in the Category of Manipur valley region. It is a tiny plain at the centre of Manipur surrounded by Plains of other districts. Imphal City, the State Capital is the nodal functional centre of this District. As a first glance, we may summarize as in the table. It is surrounded by Senapati District on the north, on the east by Imphal East and Thoubal districts, on the south by Thoubal and Bishnupur Districts, and on the west by Senapati and Bishnupur Districts. The population of District is 517992 according to 2011 census. The rural population is 195113 whereas the urban population of the district is 322879. Literacy in the District is 86.08% as per 2011 census. Sex ratio of the district as per 2011 census is 1013. The population of Scheduled Tribes in the district is 19921 which is 1.49% of the total population.

9. The district of Thoubal, which occupies the bigger portion of the eastern half of the Manipur Valley, takes the shape of an irregular and triangular with its base facing north. It lies between 23° 45' N and 24° 45' N latitude and 93° 45' E and 94° 15' E longitude. It is bounded on the north by Imphal district, on the east by Ukhrul and Chandel districts, on the south by Chandel and Churachandpur districts and on the west by the districts of Imphal and Bishnupur. It has an area of 514 sq. Kms. The district came into existence in May, 1983 through a notification of the Government of Manipur, (Secretariat: Revenue Department Order No.6/1/73-R (Pt.VII) dated May 24, 1983) (Manipur Extraordinary Gazette No. 76 of the same date) under the Manipur Land Revenue and Land Reforms Act.1960The district has two community development blocks one within each sub-division, each block coinciding with its respective sub-divisional areas minus the statutorily notified urban portion. It has 9 main towns. Namely, Lilong ( Thoubal ), Thoubal, Yairipok, Shikhong Sekmai, Wangjing, Heirok, Kakching, Kakching Khunou and Sugnu and a part of Samurou whose major portion is in the Imphal District. The population of District is 422168 according to 2011 census. The rural population is 270835 whereas the urban population of the district is 151333. Literacy in the District is 74.47% as per 2011 census. Sex ratio of the district as per 2011 census is 1008. The population of Scheduled Tribes in the district is 1808 which is 0.43% of the total population.

10. The Chandel District (formerly known as Tengnoupal District) came into existence on May 13, 1974. The District lies in the south-eastern part of Manipur at 24o40' N Latitude and 93o50' E Longitude. It is the border district of the state with an area of 3,313 sq. Km. Its neighbors are Myanmar (erstwhile Burma) on the south, Ukhrul district on the east, Churachandpur district on the south and west, and Thoubal district on the north. It is about 64 km. Away from Imphal. The National Highway No. 39 passes through this district. The Moreh town, the international trade center of the state, lies on the southernmost part of the district. When the Trans-Asian Super Highway comes into existence, Chandel district will be one of the gateways to the Asian countries. The population of District is 144182 according to 2011 census. The rural population is 127335 whereas the urban population of the district is 16847. Literacy in the District is 71.11% as per 2011 census. Sex ratio of the district as per 2011 census is 933.

The population of Scheduled Tribes in the district is 128280 which is 88.92% of the total population.

11. The list of 38 villages falling within the Imphal-Khongkhang road section in the Imphal are presented below in **Table: 1**.

**Table 1: List of Villages in the Alignment**

| Sl. No. | District    | Tehsil     | Village Name       | Km.                |
|---------|-------------|------------|--------------------|--------------------|
| 1       | Imphal East | Bashikhong | Keyamgei           | 330+000 to 330+336 |
| 2       | Imphal West | Wangoi     | Chajing            | 330+000 to 330+410 |
| 3       | Imphal East | Bashikhong | Lilong Hao         | 330+335 to 330+410 |
| 4       | Thoubal     | Lilong     | Lilong             | 330+410 to 334+610 |
| 5       | Thoubal     | Lilong     | Chaobok            | 332+760 to 336+310 |
| 6       | Thoubal     | Lilong     | Kiyam Shipai       | 336+310 to 339+440 |
| 7       | Thoubal     | Thoubal    | Haokha Maning      | 339+040 to 339+600 |
| 8       | Thoubal     | Thoubal    | Haokha Mamang      | 339+440 to 340+300 |

| 31      | Chandel     | Chandel    | Lamkang Khunou     | 371+175 to 375+550 |
| 32      | Chandel     | Chandel    | Bongyang           | 373+000 to 373+340 |
| 33      | Chandel     | Tengnoupal | Sinam              | 375+550 to 380+335 |
| 34      | Chandel     | Tengnoupal | Aigejang           | 380+335 to 381+365 |
| 35      | Chandel     | Tengnoupal | Saivom             | 381+365 to 383+155 |
| 36      | Chandel     | Tengnoupal | Tengnoupal         | 383+155 to 393+300 |
| 37      | Chandel     | Tengnoupal | Chahmol            | 390+910 to 391+808 |
| 38      | Chandel     | Tengnoupal | Khongkhang         | 393+300 to 395+680 |

#### D. Subproject Component

12. The IRC design standards have been followed in consultation with ToR, while formulating the road design standards. As the project road sections pass mainly through hilly terrain, the ruling design speeds considered for the formulation of design standards are 100 km/hr. For plain sections and 50 km/hr. For hilly sections. The purpose of formulation of design standards is to avoid any inconsistency in design during the road construction and operation. The project road corridor has been divided into four homogenous sections based on the traffic flow characteristics. The defined homogeneous sections have been referenced with the existing chainages from km 330+000 to km 395.680. The salient proposals for up-gradation and improvement of the existing road sections are classified into the following (**Table: 2**) engineering aspects.

**Table 2: Details of Improvement Proposal for Various Sections**

| Sl.No | Homogenous Section Details                                 | Recommendation on Capacity Augmentation                           |
|-------|--|---|
| 1     | HS 1: Lilong to Wangjing<br>(km 330+000 to km 350+000)     | 4 Lane with Paved shoulder and service road on built up location. |
| 2     | HS 2: Wangjing to Khongkhang<br>(km 350+000 to km 395.680) | 2 Lane with paved shoulder.                                       |

#### E. Subproject Impacts and Benefits

13. The proposed subproject can be viewed as boosting economic growth and poverty reduction which will bring substantial social and economic development in the region. The social benefits arising due to the subproject will be triggered off due to improved accessibility to various services such as easy access to markets, health facilities, schools, workplace etc. which in turn increases the income of the locals, and ultimately elevating their standard of living. The possible direct and indirect positive impacts of the subproject are listed below.

- (a) The immediate benefits of road construction and improvement will come in the form of direct employment opportunities for the roadside communities and specially those who are engaged as wage laborers, petty contractors and suppliers of raw materials.
- (b) Improved road network will provide for improved linkages between the village communities and urban center, which provides wider marketing facilities.
- (c) Road network will not only link the village communities to better markets, but also open up wider work opportunities in distant places. People can shuttle to distant work sites and towns and engage in construction, factories, business as well as domestic works.
- (d) Improved road network will encourage urban entrepreneurs to invest in far and remote areas in commercial farming and industrial activities.
- (e) Improved road will also help people building strong institutional network with outside agencies.
- (f) Essential and emergency services like schools, health center, public distribution system etc. can be availed faster.
- (g) Increased frequency of interaction with outsiders will increase the awareness level of the people in the village with regard to their health and nutrition, living style, value of education and proper utilization of available resources.
- (h) Interaction with the government, non-government and other development agents will help people gain new knowledge on improved farming, land development,

development and maintenance of natural resources through the formation of various economic and social development groups.

#### **F. Minimizing Resettlement**

14. Attention has been given during the feasibility and detailed subproject design phases of the subproject preparation to minimize the adverse impacts on land acquisition and resettlement impacts. However, technical and engineering constraints were one of the major concerns during exploration of various alternative alignments. With the available options, best engineering solution have been adopted to avoid land acquisition and resettlement impacts. Following are the general criteria adopted for the selection of the alignment:

- (a) Follow the existing alignment and adopting concentric widening.
- (b) Restrict the proposed ROW as the same existing ROW and accommodate all proposed proposal within it as far as possible.
- (c) Minimize social impact by restricting design speed and proposing alternative engineering solutions.
- (d) Minimize environment impact by avoiding big trees, ponds etc.
- (e) Incorporate the opinions of local people in selection of alignment and design.

15. During the impact assessment survey public consultation meetings were organized at various places and based on people's concerns and suggestions the alignment was adjusted to minimize the resettlement impacts. The final widening scheme and typical cross sections (TCS) adopted after all minimization of resettlement impacts.

#### **G. Scope and Objective of Resettlement Plan (RP)**

16. The aim of this Resettlement Plan (RP) is to mitigate all such unavoidable negative impacts caused due to the subproject and resettle the displaced persons and restore their livelihoods. This RP has been prepared on the basis of subproject census survey findings and consultation with various stakeholders. The plan complies with ADB Safeguard Policy Statement-2009 designed by ADB to protect the rights of the displaced persons and communities. The issues identified and addressed in this document are as follows:

- (a) Type and extent of loss of land/ non-land assets, loss of livelihood, loss of common property resources and social infrastructure;
- (b) Impacts on indigenous people, vulnerable groups like poor, women and other disadvantaged sections of society including non-titleholder DPs,
- (c) Public consultation and peoples participation in the subproject;
- (d) Existing legal and administrative framework and formulation of resettlement policy for the subproject;
- (e) Preparation of entitlement matrix, formulation of relocation strategy and restoration of businesses/income;
- (f) R&R cost estimate including provision for fund and;
- (g) Institutional framework for the implementation of the plan, including grievance redress mechanism and monitoring & reporting.

#### **H. Methodology for Social Impact Assessment**

17. For preparation of resettlement plan, a detailed social impact assessment of the subproject road was carried out including resettlement screening, land acquisition planning,

subproject census survey of affected assets and households and public consultation methods. The details of methodology adopted for the social impact assessment is discussed in the following section.

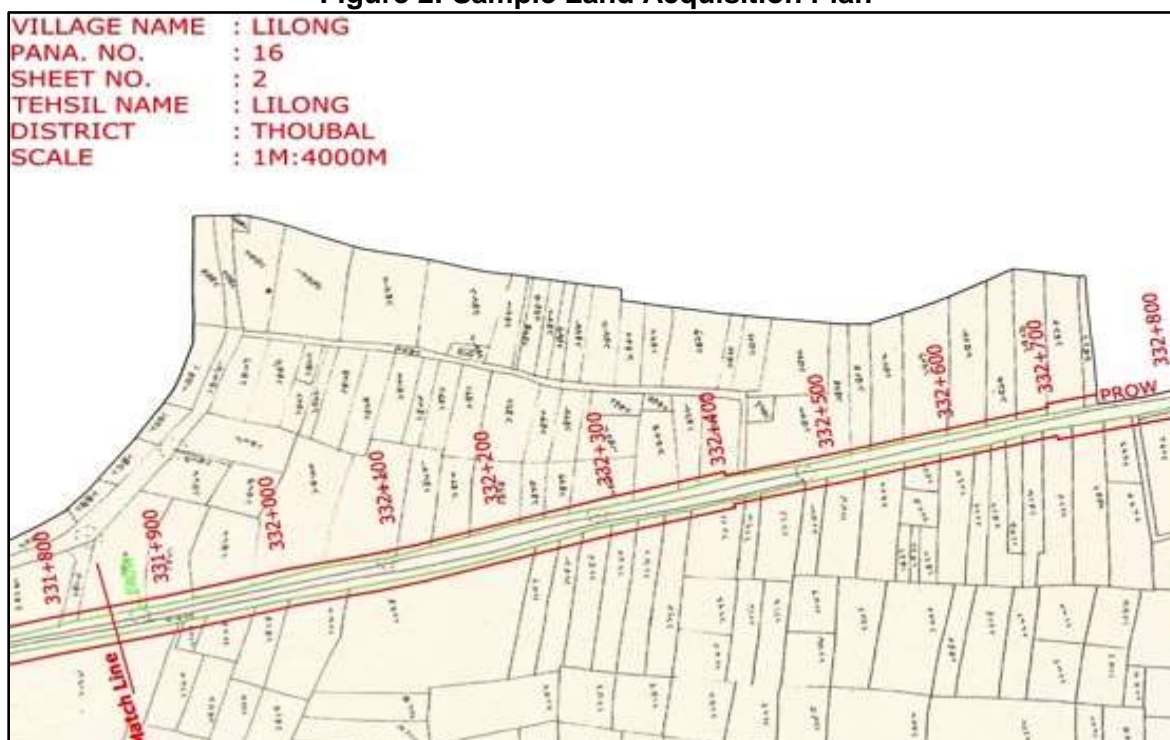

## 1. Resettlement Screening

18. A social screening exercise was performed through a reconnaissance survey to gather firsthand information on impact on land acquisition and resettlement with specific attention on land use, presence of legal and/or illegal housing, traffic patterns, cultural resources, urban settlements and other sensitive areas. The aim of reconnaissance survey was to assess the scope of land acquisition and resettlement study and accordingly the detailed plan of action was prepared for the preparation of land acquisition planning and resettlement plan.

## 2. Land Acquisition Planning

19. The alignment was finalized as per the detailed engineering design. Initially, the numbers of affected villages were identified as per the alignment and availability of land i.e. Right of Way (ROW) was confirmed from the revenue department. Land Acquisition Plan (LAP) was prepared by superimposing the alignment drawing on cadastral maps for the road section falling in revenue area. The sample LAP for Imphal-Khongkhang section is presented in the Figure 2.

**Figure 2: Sample Land Acquisition Plan**

20. Following finalization of the road alignment, cross-sections design and land acquisition requirements, census of all displaced persons (DPs) was carried out in the subproject. The objective of the subproject census survey was to identify the persons who would be displaced by the subproject and to make an inventory of their assets that would be lost to the subproject, which would be the basis of calculation of compensation.

21. A structured census questionnaire (**Appendix 1**) was used to collect detailed information on affected households/ properties for a full understanding of impacts in order to develop mitigation measures and resettlement plan for the DPs. The survey team was selected locally including some female familiar with local languages and the team was trained by the resettlement specialist and the survey was closely monitored on a regular basis. Additionally, socio-economic data was also collected as part of the social impact assessment (SIA) study.

22. The census survey includes the following:

- (a) Inventory of the 100% land and non-land assets
- (b) Categorization and measurements of potential loss
- (c) Physical measurements of the affected assets/structures
- (d) Identification of trees and crops
- (e) Collection of information on household characteristics, including social, economic and demographic profile
- (f) Identification of non-titleholders
- (g) Assessment of potential economic and livelihood impact

### **3. Public Consultation**

23. To ensure peoples' participation in the planning phase and aiming at promotion of public understanding and fruitful solutions of developmental problems such as local needs of road users and problem and prospects of resettlement, various sections of displaced persons (DPs) and other stakeholders were consulted through focus group discussions, individual interviews and formal and informal consultations. The vulnerable sections of DPs and women were also included in this consultation process.

## II. SCOPE OF LAND ACQUISITION AND RESETTLEMENT

### A. Land Acquisition Requirement

24. For Imphal-Khongkhang road, 4-lane is proposed for 20.00 Km. (330.00 to 350) and 2-lane with paved shoulder is proposed for 45.68 Km (348.650 to 395.680). The available RoW for this road is not sufficient to accommodate the widening proposal and therefore acquisition of additional strip of land is required for the entire section. As per the LAP prepared for this section and the full census survey conducted for the project, 198.72 acres of additional land needs to be acquired.

25. The landholding system in Manipur identified and recognized by revenue area and hill area. The revenue area mostly includes land falling mostly in plain areas where it is well demarcated in revenue maps and owned by individual and other entities including Government. In the hill areas, where there are now maps and revenue records, it is owned by tribal communities having their own system like ownership lies with the village head or council. The analysis of land acquisition requirement for the project shows that 63.23 acres (31.82) of land is private revenue land, 106.41 acres (53.55%) land is hill area and 26.78 acres (13.47%) land is government land. In the revenue land area, 1580 titleholder households are losing their land. It is pertinent to mention here that in the hill areas the number of titleholder households is only 10 because customarily the ownership of entire village land lies with the Chief only and other fellow villagers are only land allotted. However, the RP covers the impacts and mitigation measures for these households and these are discussed in the report. The hill areas are considered as private land in this RP. The land acquisition requirement for the subproject is presented in the **Table: 3.**

**Table 3: Land Acquisition Requirements under the Project**

| Sl. No.      | Type of Ownership | Affected Household | Area (in Acre) | %             |
|--------------|-------------------|--------------------|----------------|---------------|

### B. Resettlement Impacts

26. Based on the above requirement, the subproject impact assessed through project census survey includes loss of land, loss of non-land assets, and loss of livelihoods within the proposed RoW. Other than this, both land and non-land assets known as common properties resources (CPR) including religious, community and government ownership are also assessed to be affected by the proposed subproject. The subproject census survey was carried out between 25<sup>th</sup> May 2016 and 28<sup>th</sup> August 2014. The date of starting of the project census survey will be treated as the cut-off date for non-titleholders under the project. The findings and magnitude of impacts are discussed in the following sections.

### C. Loss of Private Land in the Subproject

27. The land acquisition for the subproject will affect 1590 titleholder households and the area of acquisition will be a total of 196.64 Acres. The use of land to be acquired under the subproject includes 14.87 acres of land being used by 317 households for agriculture, 25.86

acres of land being used by 589 households for residential purpose, 15.08 acres of land being used by 554 households for commercial purpose, 106.40 acres of hill land owned by 10 households (Chiefs). Details of land use is shown in the **Table: 4**.

**Table 4: Loss of Private Land and impacts**

#### **D. Intensity of Impact on Land Owners**

28. The analysis of intensity of impacts on their land assets shows that out of 1590 households losing land, 636 (40%) households are not experiencing significant impacts as they are losing below 10% of their land asset. 954 (60%) households are experiencing significant impacts as they are losing more than 10% of their land as summarized in the **Table 5**.

**Table 5: Intensity of Land Impact**

#### **E. Loss of Private Structures in the Subproject**

29. Due to the proposed subproject work, 1437 structures are going to be affected owned by 1048 displaced households. Among these 1048 structures, 949 are owned by 684 titleholder DPs, 250 structures are owned by 154 costmary land owner including allottees, 107 structures owned by 95 encroachers and rest of the 131 structures are owned by 115 squatter DPs. The details of loss of structures are presented in the **Table 6**.

**Table 6: Loss of Private Structures in the Subproject**

| Sl. No.      | Ownership Status  | Structure   | Household   | Person      | % HH          |
|--------------|-------------------|-------------|-------------|-------------|---------------|
| 1            | Legal Titleholder | 949         | 684         | 1137        | 65.27         |

| <b>Total</b> |                   | <b>1437</b> | <b>1048</b> | <b>7876</b> | <b>100.00</b> |

30. The magnitude of impacts on private structures shows that out of 1437 affected structures, 206 (14.34%) structures are affected up to 25%, 211 (14.68%) structures are affected up to 185 (12.87%) structures affected up to 75% and 835 (58.11%) structures are

affected fully. The site condition suggests that the structures getting affected more than 25% will not be viable for living and need relocation. The details of magnitude of impacts on structures are summarized in the **Table 7**. Provisions are made in the Entitlement Matrix that structures will be compensated at replacement cost fully, and partially if it is viable. Engineer from Building Department will assess the viability of structure during verification and valuation in consultation with the affected households.

**Table 7: Magnitude of Impacts on Structures**

| Sl. No.      | Scale of Impact | No. Structure | %             |

#### **F. Type of Private Structure in the Subproject**

31. As per census survey, out of 1048 households losing their structures in the subproject, 365 household is losing residential structures, 729 households are losing commercial structures, 137 are losing their residential-cum-commercial structures and 206 are losing other types of structures such as cattle shed, boundary wall, toilet, store room etc. The details of structures and number of displaced households are given in the **Table 8**. The list of DPs is attached as **Appendix-2**.

**Table 8: Type of Impacts due to Loss of Private Structure**

#### **G. Type of Construction of Affected Structures**

32. The structures being affected in the subproject are of various types by construction such as temporary, semi-permanent and permanent nature. Out of 1437 structures, 1003 (69.80%) structures are of temporary nature, 271 (18.86%) structures are of semi-permanent nature and 163 (11.34%) structures are of permanent nature. The details of type of constructions of the affected structures are summarized in the **Table 9**.

| <b>Total</b> |                   | <b>1437</b>    | <b>100</b> |

## H. Loss of Livelihoods in the Subproject

33. As per the census survey, out of 1582 DPs losing livelihoods includes 317 (20.04%) owners of agricultural land, 729 (46.08%) owners of commercial structures, 137 (8.66%) owners of residential cum commercial structures, 42 employees in commercial structures, and 357 commercial tenants. The details of impact on livelihoods in the subproject are presented in the **Table 10**.

## I. Nature of CPR Loss

34. Among the 449 CPRs affected in the subproject, including 203 structures and 246 land units. Out of 203 structures, 8 are religious structures and 25 are community structures and rests of 160 are government structures. The types affected CPRs are presented in the **Table 11** and the list of CPR affected in the subproject is presented in **Appendix: 3**. CPRs will be compensated either by cash compensation at replacement cost to the community (registered trust, society or village committee as appropriate) or reconstruction of the community structure in consultation with the affected community.

**Table 11: Type of affected CPR**

### III. SOCIOECONOMIC INFORMATION AND PROFILE

#### A. General Socioeconomic Profile of Subproject Area

35. Some of the socio-economic information of DPs was collected through the census survey and its findings are presented in the following sections. The analysis of sample baseline socio-economic information of APs is discussed in length in the Poverty and Social Analysis Report prepared for the project. There are 2275 households affected by the subproject including titleholders, non-titleholders, tenants and employees etc.

#### B. Social Categories of the DPs

36. The social stratification of the subproject area shows that the dominance of other backward caste (OBC) population with 1048 (46.07%) households followed by higher caste population with 862 (37.89%) households. Other categories includes 253 (11.12%) scheduled tribe (ST) households and 112 (4.92%) scheduled caste (SC) community. The detail of social grouping in the subproject area is presented in the **Table 12**.

**Table 12: Social Categories of the DPs**

| Sl. No.      | Description of the Caste | No. Of Households | %             |

| <b>Total</b> |                          | <b>2275</b>       | <b>100.00</b> |

#### C. Number of DPs

37. There are 12478 DPs in total being affected by the subproject which includes 6561 (52.58%) males and 5917 (47.42%) females. The average household size is five and the sex ratio among the DPs is 902. The details of DPs being affected in the subproject are presented in the **Table 13**.

**Table 13: Number of DPs**

| Sl. No.      | Categories of DPs | No. Of DPs   | %             |

| <b>Total</b> |                   | <b>12478</b> | <b>100.00</b> |

#### D. Vulnerable Households being affected in the Subproject

38. According to subproject census survey there are 1,257 households enumerated as vulnerable households as per the definition provided in the RF. In this subproject vulnerable group includes 112 SC households, 252 ST households, 252 women headed households, 9 households headed by physically handicapped persons and 364 Below Poverty Line (BPL) households. As per the latest Planning Commission, Government of India estimate, any person having monthly per capita consumption and expenditure (MPCE) of Rs. 1118<sup>4</sup> in rural area and Rs. 1170 in urban area of Manipur is considered to be living below poverty line. Based on this

<sup>4</sup> Source: Press Note on Poverty Estimates, 2011-12, Government of India, Planning Commission, July 2013

calculation of poverty line figure, average annual household MPCE in rural Manipur is Rs. 67080. 226 households earning less than the average MPCE and another 41 non-titled holder households not falling under any other category are also considered as vulnerable households in the project. The vulnerable household details are presented in the **Table 14**.

**Table 14: Vulnerable Households being affected**

#### **E. Annual Income Level of the Affected Households**

39. There are only 239 (10.51%) households earning less than the official poverty level i.e. Rs. 67,080/- per year. There are 504 households (22.15%) having an average monthly income of above Rs. 67080 and Rs. 1.00.000. The survey reveals that 1026 (45.10%) households are annually earning more than Rs. 1,000,00 which is a good economic indicator of their standard of living. The average income level of households in the subproject area is summarized in the **Table 15**.

#### **F. Educational Status of DPs**

40. The educational status of DPs reveals that there are still 9.82% DPs are illiterate. Among the DPs, 30.44% are above matric 19.55% are graduate and 3.86 % are above graduate. This data excludes the children below 0 to 6 years. The gender segregated details of educational status of DPs are presented in the **Table 16**.

**G. Occupational Status of DPs**

41. The occupational pattern of DPs excluding the non-working sections such as old persons, children, students and household workers, reveals that 8.78% DPs are working as labourer. Among other categories, 13.26% DPs are engaged in agriculture, 48.40% doing various business, 27.14% are engaged in service sectors. The employment level is much higher among the female DPs in comparison to male DPs. The details of occupational status of DPs are summarized in the **Table 17**.

#### IV. IMPACT ON INDIGENOUS PEOPLE

##### A. Indigenous People in the Project

42. The area along Imphal-Moreh road project from chainage 366+800 km to chainage 395+680 km is inhabited by indigenous people of different ethnicity. The Naga and Kuki are the main tribes found in around 10 villages in Chandel district will be affected due to widening and improvement of the said road project. According to census of India, 2011, the proportion of schedule tribe in Manipur state is 35% of state population. The concentration of ST in Chandel district is high as 88.9% of total ST population. The details of resettlement impacts on indigenous people and the quantum and nature of loss are being described in the following paragraphs.

43. The project road is an existing National Highway. The road has existed for several decades serving both the local population of the area as well as broader population in Manipur and linking India to Myanmar. The socioeconomic survey reveals that the schedule tribe households in the area operate small restaurants, tea shops, grocery and engaged in various commercial activities along the road. The socio-cultural customs and practices of tribal population are not distinctive from the rest of the population in the sense that they are participating in modern socio-political institutions, obtaining latest healthcare services, joining schools and colleges and most importantly they are very much mobile within and outside the State.

44. The proposed subproject proposal will only widen and strengthen the existing road and not a new development intervention. Due to insufficient road width, a small strip of additional land is required for the Project and it will therefore affect the land and non-land assets of scheduled tribe communities living along the road.

##### B. Socio-Economic Profile of Indigenous People

45. The project will affect 253 households and 1540 DPs belonging to ST communities. Male-female proportions are 50.78% and 49.22%, indicating slightly higher ratio of male population over females. Sex ratio among the affected population is 969 females per 1000 males, which is higher than average sex ratio of Chandel district (932). Average family size of the AHs is 6.1 which is a “medium” size of family in tribal villages. The description is given below in **Table 18**.

**Table 18: Population Composition of Affected Households**

| Total Affected Household | Population |      |        | Percentage |        | Sex Ratio | Family Size |
|--------------------------|------------|------|--------|------------|--------|-----------|-------------|
|                          | Total      | Male | Female | Male       | Female |           |             |
| 253                      | 1540       | 782  | 758    | 50.78      | 49.22  | 969       | 6.09        |

46. The Affected households are classified according to type of land ownership. Of the total 253 AHs, 72 families are private land owners. Majority (86%) of them own private revenue land while only 10 AHs own land in hill areas. The details are given in following **Table 19**.

**Table 19: Ownership of the Land**

| Sl. No.      | Type of Ownership | AH        | Area (in Acre) | %            |
|--------------|-------------------|-----------|----------------|--------------|
| 1            | Private Revenue   | 62        | 1.24           | 86.1         |
| 2            | Private Hill      | 10        | 106.41         | 13.9         |
| <b>Total</b> |                   | <b>72</b> | <b>107.65</b>  | <b>100.0</b> |

47. Further, 62 households having private revenue land are “Titleholder”, while, 10 households are owners of customary right over private hill land. According to tribal customary law of the Kuki community, all lands belong to Village Chief, who has power to take decision on division of land among the households as per the requirement. The various type of land ownership is given below in **Table 20**.

**Table 20: Land Ownership Type**

| Sl. No.      | Type of Ownership            | No. of AH | %             |

48. In all, 285 private structures will be affected. Out of all affected structure 9.5% are owned by legal titleholders, 5% structures are owned by encroachers and the largest share 85.6% (244) is of those having structures on customary land rights. The details are presented in **Table 21** below.

49. The affected households were classified according to their annual household income. 79 AHs, (31%) of all 253 AHs have income more than Rs. 1 Lakh. Similarly, 71 HH (28%) have annual income ranging from Rs 60000 to Rs.100000. 29 AHs, or nearly 12% fall under the income group category ranging from more than 50000 to Rs. 60000. 61 families or, 24.1% of all AHs are having income between 30000 to 50000. Only 10 families have annual household income less than Rs.30000. The details are provided in **Table 22** below.

## D. Consultation with Indigenous People

54. Public consultation was carried out in July, 2016 in the villages Thamlapokpi, Thamlak Khuren, Lamkang Khunou, Bongyang, Sinam, Aigejang, Saivom, Tengnoupal, Chahmol, and Khongkhang along Imphal-Moreh road project inhabited by indigenous people. The consultation meetings were attended by Village Authority and Village Council Representative, Chiefs, executive committee members and common people.

55. The Participants attending consultation meeting were briefed about Imphal-Moreh highway project, its alignment, areas the highway passes through, type of impact the road project will bring in and affected persons. They were explained about objective of the consultation meeting, ADB's involuntary resettlement policy and safeguard concern about Indigenous people. The Village Authority Chairman and Village Council Chief and members present expressed that they were aware about the project from the survey team conducting resettlement impact assessment. The summary of consultation is presented below and the list of participants are attached in **Appendix-4**.

## E. Community Development Measures for Indigenous People

56. The Village Council/ Authority have administrative power as per their traditional customary law, which empower them to take necessary measures against potential threat of drug peddling and human trafficking influences by outsiders. The Church also commands over cultural sanctity of their traditional customs. They will form committee to protect against any adverse influence. Implementing NGO will be facilitating formation of village groups for protection of traditions and customs and safeguard against threat of drug peddling and human trafficking. Local village youths will be inducted into the NGO to effectively implement mitigation

and community development measures. Village Council/Authority will be an active part of grievance address and project monitoring committees at local level to address any issues during implementation.

57. The community development measures suggested in the RP will be implemented by the EA with the assistance of the NGO and civil work contractor. HIV/AIDS and human trafficking awareness will be implemented by the NGO and construction of community infrastructure will be implemented by the civil works contractor. These items have been incorporated into the TOR and budget of the NGO and the bill of quantity and bidding document of the civil works contractor to ensure and safeguard implementation. Specific measures are detailed in Table 28.

58. Based on the analysis of impacts in hill area and consultation feedback, following specific measures are suggested for community development in the area.

**Table 28: Specific Measures Suggested for Community Development**

| <b>Sl. No.</b> | <b>Suggested Measures</b>  | <b>Responsible Agency</b> |
|----------------|--|---------------------------|
| 1              | Bus stops will be constructed by the project for each village at appropriate locations in consultation with the village community.   | NHIDCL/Contractor         |
| 2              | Approach roads to each village in the hill will be maintained and developed for smooth management of local traffic.  | NHIDCL/Contractor         |
| 3              | The existing water points along the road in the hill areas will be restored and enhanced by the project.   | NHIDCL/Contractor         |
| 4              | Where possible, road side markets will be established in suitable locations to help the IP community restore their earlier petty trade and business. Village Authority/Village Council will allocate appropriate land parcels for the purpose.   | NHIDCL/Contractor/NGO     |
| 5              | Muck disposal and waste management resulting from road construction work in the hilly area is a critical issue and the contractor will dispose the materials in consultation with the village community at such places or/and these can be developed as sports complex, park or other common places for the community. | NHIDCL/Contractor/NGO     |

59. The cost of above mentioned measures are already included in the overall cost of contract for the project and contingency is available to accommodate such requirement during implementation. The implementing NGO will help the village communities and coordinate with the project authority and contractor during project implementation.

## **F. IP Categorization and Conclusion**

60. The subproject is categorized B as per ADB SPS. The subproject scope is to improve and widen an existing road where the ST communities have settled along over the years to improve their accessibility to goods and services. The social assessment shows that the impacts to ST communities resulted due to the proposed road widening work will be limited to (i) partial loss of land and their assets, (ii) partial or full loss of their residential or commercial structures, (iii) temporary loss of livelihoods due to loss of their commercial structures. These losses will be compensated with cash compensation, alternate land, shifting assistance, livelihood assistance and resettlement allowances etc. as applicable. It is concluded that the project does not have

any potential direct impacts on the culture, traditional livelihood system, dignity, affects their territory or natural and cultural resources.

61. Out of 66 km of project road 36 km passes through plain area and 30 km through hill area. Total ST households affected under the Project are 253. Out of 253 AH, 69 are in plain area (revenue land) and 184 are in hill area (customary land). Total physically displaced ST households are 137 out of which 9 are in plain area and 128 are in hill area. Among 128 physically displaced households, 15 are tenants. So the actual displaced households in hill area are 113. It was confirmed during assessment and census that all the ST DPs in the hill area have large chunk of land and settled along the road due to easy accessibility. The project is acquiring a small strip of land and the ST DPs will be allocated additional or replacement land or resources by Village Head of Village Council. As per customary law prevailing in the hill area of Manipur, the ownership of land lies with the Village Head/Chief in Kuki villages and with the Village Council in Naga villages. The compensation for land will be paid to the account of Village Head or Village Council as applicable. The compensation and assistance for the non-land assets will be directly paid to the occupier of such assets. However, during the consultation process, the Village Heads were agreed to share the compensation amount and/or allocate additional land to the occupiers and the implementation the IA through the assistance of NGO will ensure the same by follow-up consultation during implementation.

62. Regarding livelihood, census found that in the area very few people are still practising the shifting (jhum) cultivations but those are away from the existing road. The additional land requirement is limited to a small strip of land along the existing road and does not impact any large land parcels or land coming under shifting cultivation. In addition, it was found during the census that out of ST households affected in the hill area, 46% are involved in farming, 24% are conducting business or commerce, and 14% are employed by the Government. Others households also participate in mainstream professions such as carpentry. This demonstrates that the affected ST population are not relying on their traditional livelihood system but rather are very much part of the mainstream society.

63. During the survey and consultation, these people have expressed their view that the improved road will bring more business opportunity for them and they are looking forward to the same.

## V. STAKEHOLDERS CONSULTATION AND PARTICIPATION

### A. Stakeholders in the Subproject

64. Consultations with various stakeholders were carried out during various phases of subproject preparation. The stakeholders in the subproject are both primary and secondary. The primary stakeholders are subproject displaced persons (DPs), subproject beneficiaries, Executing Agency, Implementing Agency especially the officials in NHIDCL (PIU). The secondary stakeholder includes district magistrates and the revenue officials village heads, head of Gram Panchayat, village administrative officers, village council, district council, NGO and business communities in the area.

### B. Public Consultation in the Subproject

65. Public consultations were arranged at the stage of subproject preparation to ensure peoples' participation in the planning phase of this subproject and to treat public consultation and participation as a continuous two way process beneficial in project planning and implementation. Aiming at promotion of public understanding and fruitful solutions of developmental problems such as local needs and problem and prospects of resettlement, various sections of APs and other stakeholders were consulted through focus group discussions and individual interviews.

### C. Methods of Public Consultation

66. Consultations and discussions were held along the subprojects with the affected families and other stakeholders. All displaced households were consulted while interacting with them during the project census survey. Consultation meetings were organized to get wider public input from both the primary and secondary stakeholders. The consultation methods followed to elicit required information (their views & opinions) are detailed below in **Table 29**.

**Table 29: Methods of Public Consultations**

| <b>Stakeholders</b>                        | <b>Consultation Method</b>  |
|--|---|
| Displaced Persons                          | Through Census Survey involving head of the household as respondent |
| Village <i>Head</i> /representative of APs | Through Focus Group Discussions (FGD) at affected villages          |
| Local communities                          | Through Focus Group Discussions (FGD) at affected villages          |
| Women's groups                             | Through Focus Group Discussions (FGD) at affected villages          |
| Vulnerable groups (SC, ST, BPL)            | Through Focus Group Discussions (FGD) at affected villages          |
| Executing Agency, Implementing Agency      | Individual interview, discussion, joint field visit                 |
| Line Departments/Agencies                  | Individual meeting/interview, discussion                            |

### D. Scope of Consultation and Issues

67. All the survey and consultation meetings were organised with free and prior information to the displaced persons and participants. Women members of the survey team assisted

women to present their views on their particular concerns. During the consultation process efforts were made by the survey teams to:

- (a) Ascertain the views of the DPs, with reference to road alignment and minimization of impacts;
- (b) Understand views of the community on land acquisition, resettlement issues and rehabilitation options;
- (c) Identify and assess the major socio-economic characteristics of the villages to enable effective planning and implementation;
- (d) Obtain opinion of the community on issues related to the impacts on community property and relocation of the same;
- (e) Examine APs' opinion on problems and prospects of road related issues;
- (f) Identify people's expectations from subprojects and their absorbing capacity;
- (g) Finally, to establish an understanding for identification of overall developmental goals and benefits of the subproject.

## E. Findings of Focused Group Discussions

68. During the resettlement survey, FGDs were conducted in all major villages along the subproject road. The participants in these FGDs are not limited to the place of meeting or DPs only but also included the local residents from nearby small villages.

69. In addition to the individual consultation with all displaced households during census survey, a total of 408 persons (116 females and 292 males) were attended in these 15 focused group discussions. Some of the major issues that were discussed and feedback received from the villagers during the course of the consultations and measures taken are summarized in the **Table 30**. The list of participants and consultation photographs are presented in the **Appendix-5**. Summary of DP's concerns and preferences toward relocation and resettlement were discussed and are recorded in Chapter VII: Relocation of Housing and Settlements.

**Table 30: Summary findings of Consultation**

| Issue                               | Discussion/Suggestion   | Measures Taken   |
|-------------------------------------|---|--|
| Existing Road Condition             | Road condition is average but, Average business on road side. Accident prone road.  | The proposed subproject will provide enhanced connectivity to Moreh. Since this will be a part of trans-Asian highway, more business opportunity will come up. Road design taken care of safety. |
| Transport and communication problem | Due to bad condition of road, good transportation means are not available, travel time is lengthy.  | The subproject road will provide better connectivity and a faster transportation to distance places  |
| Positive subproject impact          | The positive subproject impacts perceived by the local people are high quality road, direct access to many facilities, better transportation of their agricultural and forest produce, business and employment opportunities, appreciation of land value etc. | The alignment is planned to provide maximum connectivity to the area and benefits to the local people  |
| Negative subproject                 | Negative subproject impacts perceived by the people are loss of   | All loss of land and structure will be compensated market value. Loss of   |

| Issue                                     | Discussion/Suggestion   | Measures Taken  |
|---|---|---|
| impacts                                   | land, structures and livelihoods, requirement of skilled workers in construction activity                             | livelihoods will also be compensated and assisted by the subproject including opportunity for laborer in construction work  |
| Rate of compensation                      | People are very much concern about the rate of compensation as the government rate is very low                        | The rate of compensation will be decided as per market value and increased value provided by New LA RR Act-2013.  |
| Income Restoration                        | Low interest loan, free education, job reservation,   | NGO will assist in loan from bank, preference will be given to locals in road construction work   |
| Consultation and participation            | People want more consultation during subproject implementation and want to participate in the subproject              | Public consultation will continue throughout the subproject cycle. Implementing NGO will assist people in participation at various stages.  |
| Road safety                               | The proposed two lane road may be concern for safety specifically for women and children, accident risk will increase | Proper road safety measures are incorporated in the subproject design. Special measures like signage, speed breakers at schools, hospitals and market places will provided by the subproject. |
| Transparency in Subproject Implementation | The subproject should ensure transparency in implementation and quality control                                       | There are provisions like GRC, VLC and direct access to Implementation Office for any complain or grievances  |

## F. Consultation with Officials and Other Stakeholders

70. Other stakeholders in the subproject such as Executing Agency especially the officials in NHIDCL, PIU staff and the concerned district magistrates and the revenue officials were also consulted on various issues. The details of some of such consultations are summarized in the **Table 31**.

### G. Plan for further Consultation in the Subproject

71. The effectiveness of the R&R program is directly related to the degree of continuing involvement of those affected by the Subproject. Several additional rounds of consultations with APs will form part of the further stages of subproject preparation and implementation. The implementing NGO will be entrusted with the task of conducting these consultations during RP implementation, which will involve disclosure on compensation, assistance options, and entitlement package and income restoration measures suggested for the subproject. The consultation will continue throughout the subproject implementation period. The following set of activities will be undertaken for effective implementation of the RP:

- (a) In case of any change in engineering alignment planning the APs and other stakeholders will be consulted in selection of road alignment for minimization of resettlement impacts, development of mitigation measures etc.
- (b) Together with the NGO, the PIU will conduct information dissemination sessions in the subproject area and solicit the help of the local community/ leaders and encourage the participation of the AP's in Plan implementation.
- (c) During the implementation of RP, NGO will organize public meetings, and will appraise the communities about the progress in the implementation of subproject works, including awareness regarding road construction.
- (d) Consultation and focus group discussions will be conducted with the vulnerable groups like women, SC, ST, and NTHs to ensure that the vulnerable groups understand the process and their needs are specifically taken into consideration.
- (e) To make reasonable representation of women in the subproject planning and implementation they will be specifically involved in consultation.

72. A Public Consultation and Disclosure Plan will be prepared by PIU/NGO for each of the subprojects as per the format below in **Table 32**.

**Table 32: Format for Public Consultation and Disclosure Plan**

| Activity  | Task   | Agencies |
|---|--|----------|
| Public Notification                                   | Notify eligibility cut-off date for NTH                              | PIU/NGO  |
| Disclosure of RP                                      | Translate RP in Hindi and disclose at PIU Office and Village council | PIU /NGO |
| Distribution of R&R information leaflet               | Prepare R&R information leaflet and distribute to APs                | PIU/NGO  |
| Internet disclosure of the RP                         | Post RP on ADB and/or EA website                                     | ADB/PIU  |
| Consultative meetings during joint measurement survey | Face to face meetings with APs                                       | PIU /NGO |
| Disclosure of updated RP                              | Disclosure after joint measurement survey                            | PIU /NGO |
| Internet disclosure of the updated RP                 | Updated RP posted on ADB and/or EA website                           | ADB/PIU  |

## **H. Information Disclosure**

73. To keep more transparency in planning and for further active involvement of APs and other stakeholders the subproject information will be disseminated through disclosure of resettlement planning documents. The EA will submit the following documents to ADB for disclosure on ADB's website:

- (a) the final resettlement plan endorsed by the EA after the census of displaced persons has been completed;
- (b) a new resettlement plan or an updated resettlement plan, and a corrective action plan prepared during subproject implementation, if required; and
- (c) the resettlement monitoring reports.

74. The EA will provide relevant resettlement information, including information from the above mentioned documents in a timely manner, in accessible places such as PIU office and panchayat/village council office translated in local language. A resettlement information leaflet containing information on compensation, entitlement and resettlement management adopted for the subproject will be made available in Manipuri language and distributed to DPs by the implementing NGO during initial consultation after verification of DPs.

## **VI. LEGAL FRAMEWORK**

### **A. Introduction**

75. The legal framework and principles adopted for addressing resettlement issues in the subproject have been guided by the existing legislation and policies of the Government of India (GOI), the Government of Manipur, Asian Development Bank and the Resettlement Framework (RF) adopted for the project. Prior to the preparation of the RP, a detailed analysis of the existing national and state policies was undertaken and a RF has been prepared for the entire program. The section below provides details of the various national and state level legislations studied and their applicability within this framework. This RP is prepared based on the review and analysis of all applicable legal and policy frameworks of the country and ADB policy requirements. A summary of applicable acts and policies is presented in the following paragraphs and the detailed policy analysis is provided in the RF.

### **B. Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (RFCT in LARR), 2013**

76. The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (RFCT in LARR Act - 2013) has been effective from January 1, 2014 after receiving the assent of the President of Republic of India. This Act extends to the whole of India except the state of Jammu and Kashmir. The Act replaced the Land Acquisition Act, 1894.

77. The aims and objectives of the Act include: (i) to ensure, in consultation with institutions of local self-government and Gram Sabhas established under the constitution of India, a humane, participative, informed and transparent process for land acquisition for industrialization, development of essential infrastructural facilities and urbanization with the least disturbance to the owners of the land and other affected families; (ii) provide just and fair compensation to the affected families whose land has been acquired or proposed to be acquired or are affected by such acquisition; (iii) make adequate provisions for such affected persons for their rehabilitation and resettlement; (iv) ensure that the cumulative outcome of compulsory acquisition should be that affected persons become partners in development leading to an improvement in their post-acquisition social and economic status and for matters connected therewith or incidental thereto.

78. Section 27 of the Act defines the method by which market value of the land shall be computed under the proposed law. Schedule I outlines the proposed minimum compensation based on a multiple of market value. Section 31 of the Act specifies rehabilitation and resettlement award for the affected families and the entitlements are defined in the Schedule II and III. Under Schedule II various R&R assistance like house construction allowance, land development assistance, option for annuity and employment, subsistence grant, transport allowance etc. are made and under Schedule III it specifies various infrastructural facilities and basis minimum amenities to be provided at new resettlement site in case of project based relocation.

### **C. Legal and Policy Frameworks of Manipur State**

79. The gist of the legislations and policy concerning the land acquisition and resettlement for road project are discussed in the following section.

## **1. The Manipur Municipalities Act, 1994**

80. Acquisition of land: The act provides that, when any land, whether within or outside the limits of a municipality is required for the purposes of this Act, the State Government may at the request of the Nagar Panchayat or the Council, proceed to acquire it under the provisions of the land acquisition act, 1894, and on payment by the Nagar Panchayat or the Council, as the case may be, of the compensation awarded under that act and of any other charges incurred in acquiring the land, the land shall vest in the Nagar Panchayat or the council, as the case may be.

81. Encroachments on public lands belonging to the Municipality: The act provides penalty for encroachment on public lands, including upon any public road, public drain, sewer, aqueduct, water course and other public lands. The act provides power to the Municipality for issue of notice to the encroacher to remove obstructions, encroachments on public lands. In the event of non-removal within 48 hours of the notice, the municipality is empowered to remove such obstruction or encroachment.

## **2. The Manipur Land Revenue & Land Reform Act, 1960 (MLR & LR Act, 1960)**

82. The Manipur Land Revenue & Land Reform Act, 1960 (MLR & LR Act, 1960) was enacted by the Parliament to consolidate and amend the law relating to land revenue in the State of Manipur and to provide certain measures of land reform. Prior to the enactment of this act, the Assam Land & Revenue Regulation Act, 1886 was applied to Manipur by a State Durbar Resolution.

83. Section 2 of the Act defines applicability of the act and states that it extends to the whole of the State of Manipur except the hill areas thereof. Hill areas is defined vide Sec 2(j) as such areas in the hill tracts of the State of Manipur as the State Government may, by notification in the official Gazette, declare to be hill areas.

## **3. The Manipur Public Premises (Eviction of Unauthorized Occupants) Act, 1978**

84. The Act provides for the prevention of slums and for the speedy eviction of unauthorized occupants from public premises in the State of Manipur. Section 3 of the act empowers the competent authority, after making such inquiry as he deems fit, and after satisfying that any public premises is in unauthorized occupation, the competent authority may, after recording the reasons thereof, make an order of eviction directing that the public premises shall be vacated by all persons who may be in occupation thereof or any part thereof within ten days from the date of the proclamation referred to in clause (b) of sub-section (2), in the case of buildings, and within three days from the date of such proclamation, in other cases.

## **4. The Manipur (Hill Areas) District Councils Act, 1971 (Act 76 of 1971)**

85. This Act provides for the establishment of District Councils in Hill Areas in the Union territory (State) of Manipur. Further, vide Section 44 of the said act, all public roads which have been constructed or are maintained out of the Council Fund and the stones and other materials thereof and also all trees, erections, materials, implements and things provided for such roads, will be under its direction, management and control.

## **5. Memorandum of Works Department, Government of Manipur, 1994**

86. The Works Department, Government of Manipur has passed the memorandum regarding construction of roads in hilly areas of Manipur and according to this order the department will not acquire any land for construction of roads. The land for road construction will be provided by concerned villages which will be administered through signing of a written agreement.

#### **D. Provisions of the Panchayat (Extension to Scheduled Areas) Act (PESA), 1996**

87. The Panchayat (Extension to Scheduled Areas) Act, 1996 is meant to enable tribal society to assume control and to preserve and conserve their traditional rights over natural resources. The provisions of the 73rd Amendment, with some modifications, were extended to the tribal areas under Schedule V States namely, Andhra Pradesh, Chhattisgarh, Gujarat, Himachal Pradesh, Jharkhand, Maharashtra, Madhya Pradesh, Orissa and Rajasthan. One of the important provisions of this act states "the Gram Sabha or the Panchayats at the appropriate level shall be consulted before making the acquisition of land in the Scheduled Areas for development projects and before re-settling or rehabilitating persons affected by such projects in the Scheduled Areas

#### **E. The Constitution (Twenty-seventh Amendment) Act, 1971**

88. The amendment act, inserted a new article, Article 371C. The hill areas in the state of Manipur largely inhabited by tribal communities are not covered by the 6th Schedule. The special provision envisages the constitution of Hill Areas Committee of State legislature. The Governor is mandated to report to the President regarding the administration of 'hill areas'

#### **F. The Constitution (Eighty-Ninth Amendment) Act, 2003**

89. Article 338A was inserted through this amendment to the constitution, which provides for a separate Commission for the Scheduled Tribes known as the National Commission for the Scheduled Tribe. The commission would address all matters relating to the safeguards provided for the Scheduled Tribes under the Constitution of India, other laws in force, Government orders, and to evaluate the working of such safeguards. One of the duties envisaged is 'to participate and advise on the planning process of socio-economic development of the Scheduled Tribes and to evaluate the progress of their development under the Union and any State'.

#### **G. The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006**

90. This law provides for recognition of forest rights to Scheduled Tribes in occupation of the forest land prior to 13 December 2005 and to other traditional forest dwellers who are in occupation of the forest land for at least 3 generations i.e. 75 years, up to maximum of 4 hectares. These rights are heritable but not alienable or transferable.

#### **H. ADB's Safeguard Policy Statement (SPS), 2009**

91. The objectives of ADB's SPS (2009) with regard to involuntary resettlement are: (i) to avoid involuntary resettlement wherever possible; (ii) to minimize involuntary resettlement by exploring project and design alternatives; (iii) to enhance, or at least restore, the livelihoods of

all displaced persons in real terms relative to pre-project levels; and (iv) to improve the standards of living of the displaced poor and other vulnerable groups.

92. ADB's SPS (2009) covers physical displacement (relocation, loss of residential land, or loss of shelter) and economic displacement (loss of land, assets, access to assets, income sources, or means of livelihoods) as a result of; (i) involuntary acquisition of land, or (ii) involuntary restrictions on land use or on access to legally designated parks and protected areas. It covers displaced persons whether such losses and involuntary restrictions are full or partial, permanent or temporary.

93. The three important elements of ADB's SPS (2009) are: (i) compensation at replacement cost for lost assets, livelihood, and income prior to displacement; (ii) assistance for relocation, including provision of relocation sites with appropriate facilities and services; and (iii) assistance for rehabilitation to enhance, or at least restore, the livelihoods of all displaced persons relative to pre-project level standard of living.

## I. Comparison of Government and ADB Policies

94. The new act 'The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013', which has integrated provisions of National Rehabilitation and Resettlement Policy (2007) with that of The Land Acquisition Act (LAA) of 1894 (as amended in 1984), recognizes titleholders and non-titleholders affected by land acquisition. Whereby, squatters and encroachers are excluded from the purview of the act.

95. RFCT in LARR Act – 2013 has come into effect from January 1, 2014. This Act is both complement the revision of the NRRP (2007) and decrease significantly the gaps between the LAA and ADB's SPS, 2009. The Act also expands compensation coverage of the principal act by requiring that the value of trees, plants, or standing crops damaged must also be included and solatium being 100% of the all amounts inclusive. The Act furthermore has match ADB requirements for all compensation to be paid prior to project taking possession of any land.

96. Therefore, the RFCT in LARR Act – 2013 has established near equivalence of the government's policies with those of ADB's SPS, 2009. Adoption of the below principles for the project has ensured that both are covered in their application to this project. A comparison of ADB and GoI policy and measures to fill the gaps is presented in the **Table 33**.

**Table: 33 Comparison of ADB and GoI Policy**

## J. R&R Policy Framework for the Subproject

97. Based on the above analysis of government provisions and ADB policy, the following resettlement principles are adopted for this Project:

- (a) Screen the project early on to identify past, present, and future involuntary resettlement impacts and risks. Determine the scope of resettlement planning through a survey and/or census of displaced persons, including a gender analysis, specifically related to resettlement impacts and risks. Measures to avoid and minimize involuntary resettlement impacts include the following: (i) explore alternative alignments or locations which are less impacting, (ii) ensure the appropriate technology is used to reduce land requirements, (iii) modify the designs, cross sections, and geometrics of components to minimize the ROW and ensure involuntary resettlement is avoided or minimized.
- (b) Carry out meaningful consultations with displaced persons, host communities, and concerned nongovernment organizations. Inform all displaced persons of their entitlements and resettlement options. Ensure their participation in planning, implementation, and monitoring and evaluation of resettlement programs. Pay particular attention to the needs of vulnerable groups, especially those below the poverty line, the landless, the elderly, women and children, and indigenous peoples, and those without legal title to land, and ensure their participation in consultations. Establish a grievance redress mechanism to receive and facilitate resolution of the concerns of displaced persons. Support the social and cultural institutions of displaced persons and their host population. Where involuntary resettlement impacts and risks are highly complex and sensitive, compensation and resettlement decisions should be preceded by a social preparation phase.
- (c) Improve, or at least restore, the livelihoods of all displaced persons through; (i) land-based resettlement strategies when affected livelihoods are land based where possible or cash compensation at replacement cost for land when the loss of land does not undermine livelihoods, (ii) prompt replacement of assets with access to assets of equal or higher value, (iii) prompt compensation at full replacement cost for assets that cannot be restored, and (iv) additional revenues and services through benefit sharing schemes where possible.

- (d) Provide physically and economically displaced persons with needed assistance, including the following: (i) if there is relocation, secured tenure to relocation land, better housing at resettlement sites with comparable access to employment and production opportunities, integration of resettled persons economically and socially into their host communities, and extension of project benefits to host communities; (ii) transitional support and development assistance, such as land development, credit facilities, training, or employment opportunities; and (iii) civic infrastructure and community services, as required.
- (e) Improve the standards of living of the displaced poor and other vulnerable groups, including women, to at least national minimum standards. In rural areas provide them with legal and affordable access to land and resources, and in urban areas provide them with appropriate income sources and legal and affordable access to adequate housing.
- (f) Develop procedures in a transparent, consistent, and equitable manner if land acquisition is through negotiated settlement<sup>5</sup> to ensure that those people who enter into negotiated settlements will maintain the same or better income and livelihood status.
- (g) Ensure that displaced persons without titles to land or any recognizable legal rights to land are eligible for all compensation, relocation and rehabilitation measures, except land. .
- (h) Prepare a resettlement plan elaborating on the entitlements of displaced persons, the income and livelihood restoration strategy, institutional arrangements, monitoring and reporting framework, budget, and time-bound implementation schedule. This resettlement plan will be approved by ADB prior to contract award.
- (i) Disclose a draft resettlement plan, including documentation of the consultation process in a timely manner, before project appraisal, in an accessible place and a form and language(s) understandable to displaced persons and other stakeholders. Disclose the final resettlement plan and its updates to displaced persons and other stakeholders.
- (j) Conceive and execute involuntary resettlement as part of a development project or program. Include the full costs of resettlement in the presentation of project's costs and benefits. For a project with significant involuntary resettlement impacts, consider implementing the involuntary resettlement component of the project as a stand-alone operation.

---

<sup>5</sup> ADB SPS 2009 (Safeguards Requirements 2) does not apply to negotiated settlements. The policy is encourages acquisition of land and other assets through a negotiated settlement wherever possible, based on meaningful consultation with affected persons, including those without title to assets. A negotiated settlement will offer adequate and fair price for land and/or other assets. Also, an independent external party will be engaged to document the negotiation and settlement processes. In cases where the failure of negotiations would result in expropriation through eminent domain or the buyer could acquire the property regardless of its owner's decision to sell it or not, will trigger ADB's involuntary resettlement policy. The Safeguard Requirements 2 will apply in such cases, including preparing a resettlement plan.

- (k) Pay compensation and provide other resettlement entitlements before physical or economic displacement. Implement the resettlement plan under close supervision throughout project implementation.
- (l) Monitor and assess resettlement outcomes, their impacts on the standard of living of displaced persons, and whether the objectives of the resettlement plan have been achieved by taking into account the baseline conditions and the results of resettlement monitoring. Disclose monitoring reports.

## **K. Valuation of Assets**

98. The valuation of affected land and structures will be governed by the following process:

99. Land surveys for determining the payment of compensation would be conducted on the basis of updated official records and ground facts. The land records containing information like legal title, and classification of land will be updated expeditiously for ensuring adequate cost compensation and allotment of land to the entitled displaced persons. In cases of areas under the District Council/Village Council in tribal areas, where official land records don't exist, formal land/property boundaries of private property owned by the tribal households can be determined through the process of community consultation and discussion with village head and village council members. Based on such information, land can be classified and land record can be updated and compensation assessment can be made. In the states where the land acquisition is proposed in hill/tribal areas, although the land is notified from the District Collector's/ Deputy Commissioner's office, the verification of ownership is done by the District/Village Council/*Panchayat* in consultation with the village people and the community will be involved in assessment of compensation. After determination of ownership and compensation amount the same is sent to the district collector/ deputy commissioner. If land is donated by any community, it shall be executed through a MoU and compensation for any immovable properties on the donated land shall be compensated as per provision of this RF. Records as they are on the cut-off date will be taken into consideration while determining the current use of land. The uneconomic residual land remaining after land acquisition will be acquired as per the provisions of RFCT in LARR Act, 2013 or National Highway Act, 1956 as the case may be. The owner of such land/property will have the right to seek acquisition of his entire contiguous holding/ property provided the residual land is less than the average land holding of the district.

100. The methodology for verifying the replacement cost for each type of loss will be as per the provision made in the RFCT in LARR Act -2013.

### **1. Valuation of Land**

101. The District Collector/Deputy Commissioner shall determine the market value of the land with assessment of (a) the market value, if any, specified in the Indian Stamp Act, 1899 for the registration of sale deeds or agreements to sell, as the case may be, in the area, where the land is situated; or (b) the average sale price for similar type of land situated in the nearest village or nearest vicinity area; or (c) consented amount of compensation as agreed upon, whichever is higher.

102. Where the market value as per above section (1) cannot be determined for the reason that: (a) the land is situated in such area where the transactions in land are restricted by or under any other law for the time being in force in that area; or (b) the registered sale deeds or agreements to sell for similar land are not available for the immediately preceding three years;

or(c) the market value has not been specified under the Indian Stamp Act, 1899; the appropriate authority, the State Government concerned shall specify the floor price or minimum price per unit area of the said land based on the Price calculated in the manner specified in the above section (1) in respect of similar types of land situated in the immediate adjoining areas.

103. The market value calculated as per above section (1) shall be multiplied by a factor of (a) 1 (one) to 2 (two) in rural areas based on the distance of project from Urban Area as notified by the Government of Manipur; and (b) one in urban areas.

104. Solatium amount equivalent to 100% of the market value calculated on the basis of above (1 or 2) x 3.

Hence:

The cost of land in rural areas =  $X + 100\%$  of  $X$ ,

The cost of land in urban areas =  $X + 100\%$  of  $X$

Where  $X$  = Market Value as determined above x 1 to 2.

*{Example: if the market value of One acre of land is Rs. 1000, the compensation rate in rural area will be  $(1000 \times 2) + 100\% = \text{Rs. } 4000$  and for urban area it will be  $(1000 \times 1) + 100\% = \text{Rs. } 2000$ .}*

## **2. Valuation of Building and Structure**

105. The District Collector/Deputy Commissioner in determining the market value of the building and other immovable property or assets attached to the land or building which are to be acquired shall use the services of a competent engineer or any other specialist in the relevant field, as may be considered necessary by him. The cost of buildings will be estimated based on updated Basic Schedule of Rates (BSR) as on date without depreciation. Solatium of 100% will be added to the estimated market value of the structure as per the provision of RFCT in LARR Act -2013. During valuation of structure/building following parameters should be taken in to account:

- (a) From where they use to buy materials
- (b) Type of shops (private or state-owned)
- (c) Distance to be traveled
- (d) Sources (local or foreign) and the cost of various materials
- (e) Who will built the structures (owner or contractor) and whether they will use the hired labor or their own labor (cost of labour will be considered);
- (f) Obtaining cost estimates by meeting at least three contractors/suppliers in order to identify cost of materials and labor
- (g) Identifying the cost of different types of houses of different categories and compare the same with district level prices.

## **3. Valuation of Trees**

106. Compensation for trees will be based on their full replacement cost. The District Collector/Deputy Commissioner for the purpose of determining the market value of trees and plants attached to the land acquired, use the services of experienced persons in the field of agriculture, forestry, Horticulture, Sericulture, or any other field, as may be considered necessary by him.

107. Even after payment of compensation, DPs/PAPs would be allowed to take away the materials salvaged from their dismantled houses and shops and no charges will be levied upon them for the same. In case of any structures not removed by the DPs in stipulated 60 days period, a notice to that effect will be issued intimating that DPs can take away the materials so salvaged within 48 hours of their demolition; otherwise, the same will be disposed by the project authority without giving any further notice.

108. Trees standing on the land owned by the government will be disposed of through open auction by the concerned Revenue Department/ Forest Department. DPs will be provided with an advance notice of three months prior to relocation. Further, all compensation and assistance will be paid to DPs at least 60 days prior to displacement or dispossession of assets.

109. For temporary impact on land and common resources, any land required by the project on a temporary basis will be compensated in consultation with landowners and will be restored to previous or better quality. Implementation issues can be found in the Entitlement Matrix.

#### **L. Procedure for Land Acquisition under the Subproject**

110. The IA i.e. NHIDCL has requested the Manipur Government to procure land for the subproject. In response to NHIDCL's request the State Government of Manipur has come up with a cabinet approval (refer **Appendix-6**) for direct purchase of land through negotiation. A committee has been formed with the following officials:

- (i) Deputy Commissioner Concerned (Chairman)
- (ii) Representative of Revenue Department (Member)
- (iii) Representative of Finance Department (Member)
- (iv) Director of Survey, Settlement and Land Record (Member)
- (v) Additional Chief Engineer NH/PWD, Manipur (Member)

111. The Deputy Commissioner (DC) of respective districts is responsible for procurement of land for the subproject. The valuation of land in hilly areas where no revenue records exists, the DC will determine the market value of land as per the provision made in this RP i.e. in consultation with the DPs. As per customary law prevailing in the hill area, ownership of land lies with the Village Head/Chief and the compensation for land will be paid to their account. The compensation and assistance for the non-land assets will be directly paid to the occupier of such assets. However, during the consultation process, all village heads were agreed to share the compensation amount with the occupiers and the implementation NGO and the IA will ensure the same by follow-up consultation during implementation.

112. The RFCTLARR-2013 has specified under section 108 that "where a State law or policy framed by the Government of a State provides a higher compensation than calculated under this Act for the acquisition of land, the affected persons or his family or member of his family may at their option opt to avail such higher compensation and rehabilitation and resettlement under such State Law or such policy of the State".

113. In case of failure of any negotiation, the land acquisition in this subproject context will be accordingly the RFCTLARR – 2013 and the following process will be followed in such case.

- (a) Submission of requisition for land acquisition along with other required document to concerned District Authority.
- (b) Notification by Government for commencement of consultation and SIA.

- (c) Completion of SIA study culminating in SIA report.
- (d) Conduct public hearing for SIA
- (e) Constitution of SIA Group to appraise SIA study report.
- (f) Submission of appraisal of SIA report and recommendations by expert group.
- (g) Preliminary notification for acquisition of land under section 11 of the Act.
- (h) Updating of land records by LA Authority
- (i) Hearing of objection under section 15 of the Act.
- (j) Preparation of R&R Scheme and disclosure
- (k) Declaration that land is required for public purpose u/s 19.
- (l) Hearing of objection under section 23 of the Act.
- (m) Declaration of final award by collector.
- (n) Payment of full amount of compensation
- (o) Payment of monetary part of R&R.
- (p) Taking possession of land acquired.
- (q) Infrastructural component of R&R package to be provided.
- (r) Displacement of affected families.

## **VII. ENTITLEMENTS, ASSISTANCE AND BENEFITS**

### **A. Introduction**

114. The subproject will have three types of displaced persons i.e., (i) persons with formal legal rights to land lost in its entirety or in part; (ii) persons who lost the land they occupy in its entirety or in part who have no formal legal rights to such land, but who have claims to such lands that are recognized or recognizable under national laws; and (iii) persons who lost the land they occupy in its entirety or in part who have neither formal legal rights nor recognized or recognizable claims to such land. The involuntary resettlement requirements apply to all three types of displaced persons and the RP describes provision for all type of DPs and accordingly formulated the entitlement matrix.

### **B. Cut-off-Date for Entitlement**

115. In case of land acquisition, the date of publication of preliminary notification for acquisition under section 11 of the RFCT in LARR Act – 2013 will be treated as the cut-off date. For non-titleholders, the cut-off date will be the end of the census survey which is 29th August 2016. DPs who settle in the affected areas after the cut-off date will not be eligible for compensation. The cut-off date for non-titleholders will be officially declared by the EA along with the disclosure of RP and additionally notified in the project area through newspaper and communicated to DPs by implementing NGO during meaningful consultation. They, however, will be given sufficient advance notice, requested to vacate premises and dismantle affected structures prior to subproject implementation. Their dismantled structures materials will not be confiscated and they will not pay any fine or suffer any sanction.

### **C. Subproject Entitlement**

116. In accordance with the R&R measures outlined in the project Resettlement Framework, all displaced households and persons will be entitled to a combination of compensation packages and resettlement assistance depending on the nature of ownership rights on lost assets and scope of the impacts including socio-economic vulnerability of the displaced persons and measures to support livelihood restoration if livelihood impacts are envisaged. The displaced persons will be entitled to the following five types of compensation and assistance packages:

- (a) Compensation for the loss of land, crops/ trees at their replacement cost;
- (b) Compensation for structures (residential/ commercial) and other immovable assets at their replacement cost;
- (c) Assistance in lieu of the loss of business/ wage income and income restoration assistance;
- (d) Assistance for shifting and provision for the relocation site (if required), and
- (e) Rebuilding and/ or restoration of community resources/facilities.

117. **Loss of land** will be compensated at replacement cost plus refund of transaction cost (including land registration cost, and stamp duties) incurred for purchase of replacement land. If the residual plot(s) is (are) not viable, i.e., the DP becomes a marginal farmer, three options are to be given to the DP, subject to his acceptance which are (i) The DP remains on the plot, and the compensation and assistance paid to the tune of required amount of land to be acquired, (ii) Compensation and assistance are to be provided for the entire plot including residual part, if the owner of such land wishes that his residual plot should also be acquired by the EA, the EA will

acquire the residual plot and pay the compensation for it and (iii) If the DP is from vulnerable group, compensation for the entire land by means of land for land will be provided if AP wishes so, provided that land of equal productive value is available. The replacement of land option will be considered by the District Collector while acquiring land wherever feasible alternate land is available. All fees, stamp duties, taxes and other charges, as applicable under the relevant laws, incurred in the relocation and rehabilitation process, are to be borne by the EA. Each families losing land will be entitled for following assistances.

- (a) One time resettlement allowance of Rs. 50,000.
- (b) One time assistance option from: (i) Where jobs are created through the project, employment for at least one member of the affected family with suitable training and skill development in the required field; or (ii) one-time payment of Rs. 500,000.
- (c) Scheduled Caste (SC) and Scheduled Tribe (ST) families will receive additional one-time Rs. 50,000 as subsistence allowance.

118. The compensation measures suggested in this RP based on the LA Act -2013, which includes, market value, solatious, transition cost, interest in case of delay along with other assistance items aligns with the criteria of replacement cost of the assets.

119. **Loss of Structures** will be compensated at replacement value with other assistance to both titleholders and non-titleholders. The details of entitlement will be as:

- (a) Compensation for structure at the replacement cost to be calculated as per latest prevailing basic schedules of rates (BSR) without depreciation. 100% solatium on the estimated cost will be added as per provision of made under this RP. In rural area, the displaced family will be provided with the option of constructed house as per *Indira Awaas Yojana* (IAY) specifications in lieu of cash compensation. In urban area, the displaced family will be provided with the option of constructed house of minimum 50 sq. m. plinth area in lieu of cash compensation. Fees, taxes, and other charges related to replacement structure.
- (b) Right to salvage materials from structure and other assets with no deductions from replacement value.
- (c) One-time Resettlement allowance of Rs. 50,000
- (d) One time financial assistance of Rs. 25,000 to the families losing cattle sheds for reconstruction
- (e) One time shifting assistance of Rs. 50,000 towards transport costs etc.
- (f) Scheduled Caste (SC) and Scheduled Tribe (ST) will receive additional one-time Rs. 50,000 as subsistence allowance.

120. **Loss of livelihood due to loss of primary source of income** will be compensated through rehabilitation assistances. There are various categories of entitled persons under this category which are (i) titleholders losing income through business, (ii) titleholders losing income through agriculture, (iii) non-titleholders losing primary source of income. Details of entitlements for the above categories are described below:

- (a) One time financial assistance of minimum Rs. 25,000.
- (b) Skill up-gradation training to DPs opted for (one member of the affected family) income restoration.

- (c) Preference in employment under the project during construction and implementation.
- (d) Monthly Subsistence allowance of Rs. 3,000 for one year (total Rs. 36,000) from the date of award
- (e) Displaced families belong to Scheduled Caste (SC) and Scheduled Tribe (ST) will receive additional one-time Rs. 50,000 as subsistence allowance.

121. **Loss trees and crops** will be compensated by cash compensation. The entitlements to the DPs losing trees and crops will be:

- (a) Advance notice to harvest crops, fruits, and timbers.
- (b) Compensation for standing crops in case of such loss, based on an annual crop cycle at market value
- (c) Compensation for trees based on timber value at market price, and compensation for perennial crops and fruit trees at annual net product market value multiplied by remaining productive years; to be determined in consultation with the Forest Department for timber trees and the Horticulture Department for other trees/crops.

122. **Additional assistance to vulnerable households** (Vulnerable households includes BPL, SC, ST, WHH, disabled, elderly and non-titleholders) will be paid with special assistance as detailed below.

- (a) One time lump sum assistance of Rs. 25,000 to vulnerable households. This will be paid above and over the other.
- (b) Receive preference in income restoration training program under the project.
- (c) Preference in employment under the project during construction and implementation.
- (d) Access to basic utilities and public services.

123. **Loss of community infrastructure/common property resources** will be compensated either by cash compensation at replacement cost to the community (registered trust, society or village committee as appropriate) or reconstruction of the community structure in consultation with the affected community.

124. **Temporary Impacts** on agricultural land due to plant site for contractor etc will be eligible for cash compensation for loss of income potential including:

- (a) Any land required by the Project on a temporary basis will be compensated in consultation with the landholders.
- (b) Rent at market value for the period of occupation
- (c) Compensation for assets at replacement cost
- (d) Restoration of land to previous or better quality
- (e) Location of construction camps will be fixed by contractors in consultation with Government and local community.
- (f) 60 days advance notice regarding construction activities, including duration and type of temporary loss of livelihood.
- (g) Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption, and contractor's actions to ensure there is no income/access loss consistent with the EMP.

- (h) Assistance to mobile vendors/hawkers to temporarily shift for continued economic activity.

125. **Any unanticipated impacts** due to the subproject will be documented during the implementation phase and mitigated based on provision made in the Entitlement Matrix of this RP.

#### **D. Entitlement Matrix**

126. An Entitlement Matrix has been developed, that summarizes the types of losses and the corresponding nature and scope of entitlements; and is in compliance with National Laws and ADB SPS-2009 (refer to **Table 34**).

127. All compensation and other assistances<sup>6</sup> will be paid to all DPs prior to physical or economic displacement. After payment of compensation, DPs would be allowed to take away the materials salvaged from their dismantled houses and shops and no charges will be levied upon them for the same. The cost of salvaged materials will not be deducted from the overall compensation amount due to the DPs. A notice to that effect will be issued intimating that DPs can take away the materials.

---

<sup>6</sup> While compensation is required prior to dispossession or displacement of affected people from their assets, the full resettlement plan implementation, which may require income rehabilitation measures, might be completed only over a longer period of time after civil works have begun. Displaced people will be provided with certain resettlement entitlements, such as land and asset compensation and transfer allowances, prior to their displacement, dispossession, or restricted access.

**Table 34: Entitlement Matrix**

| S.N.        | Type of Loss         | Application  | Definition of Entitled Person  | Compensation Policy   | Implementation Issues   | Responsible Agency   |

PIU will ensure provision of notice. PIU will verify the extent of impacts through a 100% survey of APs, determine assistance, and identify vulnerable households. |

<sup>7</sup> The LARR, 2013 Act says no irrigated multi cropped land shall be acquired under this Act, except in exceptional circumstances, as a demonstrable last resort. Wherever such land is acquired, an equivalent area of cultivable wasteland shall be developed for agricultural purposes or an amount equivalent to the value of land acquired shall be deposited with the appropriate Government for investment in agriculture for enhancing food-security. Such costing shall also reflect while preparing Resettlement Budget.

<sup>8</sup> Traditional land rights refer to households with customary rights to land, and shall be treated equivalent to titleholders. The Scheduled Tribes and Other Traditional Forest Dwellers (Recognition of Forest Rights) Act, 2006 defines "Forest Dwelling Scheduled Tribes" as the members or community of the Scheduled Tribes who primarily reside in and who depend on the forests and forest lands for bona fide livelihood needs and includes the Scheduled Tribe pastoralist communities. The act provides right to in situ rehabilitation including alternative land in cases where the Scheduled Tribes and other traditional forest dwellers have been illegally evicted or displaced from forest land of any description without receiving their legal entitlement or rehabilitation prior to the 13th of December 2005.

<sup>9</sup> Including option for compensation for non-viable residual portions.

<sup>10</sup> The LARR Act-2013 specifies that each affected family shall be given one time Resettlement Allowance of Rs.50,000/- only.

<sup>11</sup> 'Family' includes a person, his or her spouse, minor children, minor brothers and minor sisters dependent on him. Widows, divorcees and women deserted by families shall be considered separate family. An adult of either gender with or without spouse or children or dependents shall be considered as a separate family – as defined under LARR Act-2013.

<sup>12</sup> Displaced family" as defined by the LARR Act-2013, means any family, who on account of acquisition of land has to be relocated and resettled from the affected area to the resettlement area. According to ADB SPS-2009, displaced persons are those who are physically displaced (relocation, loss of residential land, or loss of shelter) and/or economically displaced (loss of land, assets, access to assets, income sources, or means of livelihoods) as a result of (i) involuntary acquisition of land, or (ii) involuntary restrictions on land use or on access to legally designated parks and protected areas. Thus, under this RF, the subsistence allowance is applicable for all affected families losing land irrespective of their nature of physical or economic displacement.

## VIII. RELOCATION OF HOUSING AND SETTLEMENTS

### A. Basic Provision for Relocation

128. The EA will provide adequate and appropriate replacement land and structures or cash compensation at full replacement cost for lost land and structures, adequate compensation for partially damaged structures, and relocation assistance, according to the Entitlement Matrix. The EA will compensate to the non-titleholders for the loss of assets other than land, such as dwellings, and also for other improvements to the land, at full replacement cost. The entitlements to the non-titleholders will be given only if they occupied the land or structures in the subproject area prior to the cut-off date. In the case of physically displaced persons, the EA will provide:

- (a) relocation assistance, secured tenure to relocation land (in case of project based relocation), better housing at resettlement sites with comparable access to employment and production opportunities, and civic infrastructure and community services as required;
- (b) transitional support and development assistance, such as land development, credit facilities, training, or employment opportunities; and
- (c) Opportunities to derive appropriate development benefits from the subproject such as direct employment, engagement as petty contractor, supplying raw materials etc.

### B. Need for Relocation

129. Despite being a linear subproject and efforts made to minimize the resettlement impacts, the proposed subproject will affect residential and commercial structures as a result of which both physical and economic displacement will arise and need relocation in the subproject. Efforts are made through various provisions in this resettlement plan to mitigate negative social impacts caused up on displaced persons and communities by supporting relocation of affected households and by restoration of pre-project levels of income.

130. In the subproject 365 residential structures owned by 255 households are getting affected out of which about 152 are suffering more than 50% impact as presented in the **Table 35** and these may not be viable for living and needs to be relocated.

**Table 35: Impacts on Residential Structures**

| Sl. No.      | Scale of Impact | No. Structure | No. of Household | %             |
|--------------|-----------------|---------------|------------------|---------------|
| 1            | Below 25%       | 85            | 55               | 21.57         |

| <b>Total</b> |                 | <b>365</b>    | <b>255</b>       | <b>100.00</b> |

### C. Relocation and Compensation Option by DPs

131. To understand and know the relocation options, DPs were consulted during the census survey and out of 255 households losing residential structures 239 have opted for self-relocation and only 16 have opted for project based relocation. The choice of DPs is further supported by their compensation option as there are 243 DPs opted for cash compensation against loss of their structure.

#### **D. Relocation Strategy**

132. With the scattered nature of resettlement impacts the residential structures affected in the subproject are spread over more than 65 kilometres. Being a liner project and acquisition of small strip of land, in most of the cases people are having additional land to resettle and with the help of assistances, they will be able to resettle themselves. Most of the DPs preferred for cash compensation and self-relocation and during the focused group discussion, while discussing about relocation options people were very much in favour of resettlement within the village to avoid disruption of community life and problem with host community. Therefore cash compensation at market rate along with relocation assistances is adopted as more practical solution in this case.

133. All the structures affected in the subproject as per provisions made in the entitlement matrix will be eligible for the following:

- (a) Compensation of structure will be paid at the replacement cost to be calculated as per latest prevailing basic schedules of rates (BSR) without depreciation,
- (b) One-time Resettlement allowance of Rs. 50,000 per affected household
- (c) Shifting assistance to all structures at @ of Rs. 50,000 per structure,
- (d) Right to salvage materials from structure and other assets with no deductions from replacement value, and

134. To help the DPs losing structures in getting all above entitlements and relocating themselves, following relocation strategy will be adopted in the subproject:

- (a) At least 60 days advance notice before demolition of structure.
- (b) Their dismantled structures materials will not be confiscated and they will not pay any fine or suffer any sanction.
- (c) The NGO engaged for RP implementation will assist DPs during verification of assets and will provide necessary counseling on payment of compensation and assistance.
- (d) The NGO will assist the subproject authorities in ensuring a smooth transition (during the part or full relocation of the DPs), helping the DPs to take salvaged materials and shift.
- (e) In close consultation with the DPs, the NGO will fix the shifting dates agreed with the DPs in writing and the arrangements desired by the DPs with respect to their entitlements.
- (f) In case of self-relocation also, the NGO will assist the DPs in finding alternative land within the village if so desired by the DPs in consultation with village committee and other beneficiaries in the villages.
- (g) Demolition would be avoided in cold/rainy seasons as the project area experiences such extreme weather during such seasons.

## IX. INCOME RESTORATION AND REHABILITATION

### A. Loss of Livelihoods in the Subproject

135. The subproject impacts reveal that due to loss agricultural land and commercial structures 1582 households will be getting economically displaced. As per the findings of census survey, 317 owners of agricultural land, 729 owners of commercial structures, 137 owners of residential-cum-commercial structures, 42 employees in commercial establishment and 357 commercial tenants will be losing their livelihood due to the subproject. The details of impact on livelihoods in the subproject are summarized in the **Table 36**.

**Table 36: Loss of Livelihoods in the Subproject**

| Sl. No.      | Loss   | Households  | %             |
|--------------|--|-------------|---------------|
| 1            | Owners of Agricultural Land                  | 317         | 20.04         |

| <b>Total</b> |  | <b>1582</b> | <b>100.00</b> |

### B. Provisions for Loss of Livelihood

136. The DPs losing their livelihoods includes titleholders losing land and structures, non-titleholders having commercial structures, commercial tenants, agricultural labourers, employees in affected commercial structures under the subproject. In the case of economically displaced persons, regardless of whether or not they are physically displaced, the EA will promptly compensate for the loss of income or livelihood sources at full replacement cost. The EA will also provide assistance such as credit facilities, training, and employment opportunities so that they can improve, or at least restore, their income-earning capacity, production levels, and standards of living to pre-project level standard of living. The implementing NGO will prepare the micro plan with specific income restoration activities for each DP.

137. In cases where land acquisition affects commercial structures, affected business owners are entitled to:

- (a) the costs of reestablishing commercial activities elsewhere;
- (b) the net income lost during the transition period; and
- (c) the costs of transferring and reinstalling plant, machinery, or other equipment.

138. Business owners with legal rights or recognized or recognizable claims to land where they carry out commercial activities are entitled to replacement property of equal or greater value or cash compensation at full replacement cost. Non-titleholder households losing business structure and livelihood will be compensated for the structure loss and receive transitional assistance as well. The EA will ensure that no physical displacement or economic displacement will occur until:

- (a) compensation at full replacement will paid to each displaced person for subproject components or sections that are ready to be constructed;
- (b) other entitlements listed in the resettlement plan have been provided to displaced persons; and

- (c) a comprehensive income and livelihood rehabilitation program, supported by an adequate budget, is in place to help displaced persons improve, or at least restore, their incomes and livelihoods.

### **C. Income Restoration Measures**

139. The entitlement proposed for the subproject has adequate provisions for restoration of livelihood of the affected communities. The focus of restoration of livelihoods is to ensure that the DPs are able to at least regain pre-project level standard of living. To restore and enhance the economic conditions of the DPs, certain income generation and income restoration programs are incorporated in the RP. To begin with providing employment to the local people during the construction phase will enable them to benefit from the subproject, reduce the size of intrusive work forces and keep more of the resources spent on the subproject in the local economy. It will also give the local communities a greater stake and sense of ownership in the subproject.

140. Among specific rehabilitation measures, capacity building of all the economically displaced persons will be carried out by the subproject authority. The NGO to be engaged for implementation of RP will identify the eligible and most suitable candidate from the family by carry out training need assessment and prepare micro plan for rehabilitation of DPs. The NGO will impart training to the selected/eligible DPs for income restoration and skill up-gradation as per the micro plan. The EA will also provide opportunities to displaced persons to derive appropriate development benefits from the subproject. The vulnerable DPs will be given preference in availing employment opportunities in subproject construction work. The women headed households also will be taken care of in a case to case basis and the NGO will help them in forming Self-help Groups (SHGs), establish linkages to available credit facilities, special trainings, and linking them with ongoing govt. schemes. Budget for training in terms of assistance is provided to DPs losing livelihoods and the NGO will either organize training programs or link the DPs to various ongoing training schemes. Fund for training is provided in the R&R budget keeping in view the average expenditure for ongoing training programs in the subproject area.

141. The objective of the R&R package included in the subproject entitlement matrix is to support the DPs to improve or at least restore the livelihoods. The livelihood loss for land loser is only partial as they are losing a strip of land retaining rest of land to continue their livelihood. In case of business loss will also be easily restored by the DPS with the help of R&R assistance provided under the subproject. The specific measures provided under the entitlement matrix of this RP is listed below.

- One time financial assistance of minimum Rs. 25,000.
- Skill up-gradation training to APs opted for (one member of the affected family) income restoration.
- Preference in employment under the project during construction and implementation.
- Monthly Subsistence allowance of Rs. 3,000 for one year (total Rs. 36,000) from the date of award
- Displaced families belong to Scheduled Caste (SC) and Scheduled Tribe (ST) will receive additional one-time Rs. 50,000 as subsistence allowance.
- Vulnerable households will receive preferential in income restoration training program under the project.

- Vulnerable households will have preference in employment under the project during construction and implementation.
- Project will ensure access to basic utilities and public services by vulnerable households

**D. Additional Support from Ongoing Poverty Reduction Programs**

142. In addition to subproject-sponsored programs, the implementing NGO will play a proactive role to mobilize DPs to get benefits from various government schemes and ensure their accessibility particularly of vulnerable groups. In India, panchayat government systems at the village, block and district levels are now responsible for planning and implementation of all anti-poverty programs funded by the central and state governments. The implementing NGO will work with the panchayat governments to make available to the DPs benefits of some of the ongoing pro-poor programs for poverty reduction.

## X. RESETTLEMENT BUDGET AND FINANCING PLAN

### A. Introduction

143. The resettlement cost estimate for this subproject includes eligible compensation, resettlement assistance and support cost for RP implementation. The support cost, which includes staffing requirement, monitoring and reporting, involvement of NGO in subproject implementation and other administrative expenses are part of the overall subproject cost. The unit cost for land and other assets in this budget has been derived through field survey, consultation with affected families, relevant local authorities and reference from old practices. Contingency provisions have also been made to take into account variations from this estimate. Some of the major items of this R&R cost estimate are outlined below:

- (a) Compensation for agricultural, residential and commercial land at their replacement value
- (b) compensation for structures (residential/ commercial) and other immovable assets at their replacement cost
- (c) Transitional assistance in lieu of the loss of business and livelihood
- (d) Compensation for crops and trees
- (e) Assistance in lieu of the loss of business/ wage income/ employment and livelihood
- (f) Assistance for shifting of the structures
- (g) Resettlement and Rehabilitation Assistance in the form of Training allowance
- (h) Special assistance to vulnerable groups for their livelihood restoration
- (i) Cost for implementation of RP.

### B. Compensation

144. **Private Land:** For the purpose of cost estimate, the unit rate for agricultural land has been estimated on the basis of latest official rate and prevailing market value assessment during census survey. The base cost has been calculated as per the government rate declared in 2012 with annual increment up to 2016. However, the actual compensation for land at replacement cost will be determined by the Land Valuation Committee headed by District Collector as prescribed in the RF. For hilly areas, there is no base cost available as there is no land transaction happening there. An average cost estimate done for such land on the basis of public consultation and in comparison with nearby revenue areas

145. **Residential/ Commercial and other structures:** For the purpose of cost estimate, average rates of various types of structures are estimated on the basis of latest BSR and market assessment. The average rate for permanent structures without land has been calculated at Rs. 20,000/m<sup>2</sup>, semi-permanent structures have been calculated at Rs. 12,000/m<sup>2</sup>, and temporary structures have been calculated at the rate of Rs. 8,000/m<sup>2</sup>. However the actual compensation will be calculated by the professional valuer taking into account the latest BSR without depreciation as prescribed in the RF.

146. **Compensation for tree:** For cost estimate in RP for affected private trees enumerated during the census survey, a lump sum rate of Rs. 15,000/- for fruit bearing trees and Rs. 10,000/- for non-fruit bearing trees has been considered based on the market assessment. The actual cost of trees will be calculated as per the provision of the RF.

### **C. Assistance**

147. All title-holder DPs losing land and non-titleholder DPs losing structures will be eligible for onetime resettlement allowance of Rs. 50,000/- (Rupees Fifty Thousand Only) per affected family.

148. Titleholder DPs losing land will be eligible for onetime assistance of Rs. 5,00,000/- (Rupees Five Lakh Only) per affected family.

149. Titleholder DPs losing structure, non-titleholder DPs losing structures and tenants will be eligible for onetime shifting assistance of Rs. 50,000/- (Rupees Fifty Thousand Only) towards transport costs.

150. Additional onetime assistance to all DPs belong to Scheduled Caste (SC) and Scheduled Tribe (ST) community @ Rs. 50,000 (Rupees Fifty Thousand Only) per affected family.

151. DPs losing cattle shed will be eligible for Rs. 25,000/- (Rupees Twenty Five Thousand Only) as assistance for reconstruction of cattle shed.

152. All DPs losing livelihood will be eligible for monthly subsistence allowance of Rs. 3,000/- per month for a period of one year from the date of award i.e. Rs. 36,000/- (Rupees Thirty Six Thousand Only) per affected family.

153. All DP losing livelihood will be eligible for onetime financial assistance of minimum Rs. 25,000/- (Rupees Twenty Five Thousand Only) per affected family.

154. Skill up-gradation training to DPs (one member of the affected family) opted for income restoration. Based on the prevailing training expenditure Rs. 10,000/- (Rupees Ten Thousand Only) per families losing livelihood.

155. Additional onetime assistance of Rs. 25,000 (Rupees Twenty Five Thousand Only) per affected vulnerable family.

### **D. Compensation for Community and Government Property**

156. **Religious and Community Structure:** The unit cost for religious and community structures is calculated as per market value in consultation with APs. The average rate for permanent structures without land has been calculated at Rs. 20,000/m<sup>2</sup>, semi-permanent structures have been calculated at Rs. 12,000/m<sup>2</sup>, and temporary structures have been calculated at the rate of Rs. 8,000/m<sup>2</sup>.

### **E. RP Implementation and Support Cost**

157. The unit cost for hiring of the implementing NGO has been calculated on a lump sum basis for Rs. 65,00,000/- (Rupees Sixty Five Lakhs Only). This is based on the similar earlier subproject experiences and informal consultation and feedback received from the local staff and with consideration of three year duration of NGO's involvement. Costs will be updated during implementation. A 10% contingency has been added in order to adjust any cost escalation during subproject implementation. For grievance redress process and carrying out consultation during subproject implementation a lump sum of Rs. 10,00,000/- (Rupees Ten Lakhs only) is provided. The other cost of RP implementation and administrative activities will be a part of

existing departmental expenditure. For hiring of an external monitoring agency/expert a lump sum Rs. 25,00,000 (Rupees Twenty Five Lakhs only) has been made.

## F. Source of Funding and Fund Flow Management

158. The cost related to land acquisition and resettlement will be borne by the EA. The EA will ensure allocation of funds and availability of resources for smooth implementation of the subproject R&R activities. The EA will, in advance, initiate the process and will try to keep the approval for the R&R budget in the fiscal budget through the ministry of finance. In the case of assistance and other rehabilitation measures, the EA will directly pay the money or any other assistance as stated in the RP to DPs. The implementing NGO will be involved in facilitating the disbursement process and rehabilitation program.

## G. R&R Budget

159. The total R&R budget for the proposed subproject RP works out to Rs. 4352.3 million. A detailed indicative R&R cost is given in **Table 37**.

## **XI. GRIEVANCE REDRESS MECHANISM**

### **A. Introduction**

160. In the subproject RP implementation there is a need for an efficient grievance redress mechanism that will assist the DPs in resolving their queries and complaints. Therefore, formation of Grievance Redress Committee (GRC) will be most important for grievance redress and it is anticipated that most, if not all grievances, would be settled by the GRC.

### **B. Grievance Redress Mechanism**

161. A project-specific grievance redress mechanism (GRM) will be established to receive, evaluate and facilitate the resolution of displaced people's concerns, complaints and grievances about the social and environmental performance at the level of the Project. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns linked to the project. The project-specific GRM is not intended to bypass the government's own redress process, rather it is intended to address displaced people's concerns and complaints promptly, making it readily accessible to all segments of the displaced people and is scaled to the risks and impacts of the project.

162. During project preparation, information regarding GRCs will be disclosed as part of the public consultation process. Grievances related to the implementation of the project will be acknowledged, evaluated, and responded to the complainant with corrective action proposed. The outcome shall also form part of the semi-annual monitoring report that will be submitted to ADB. The decision of the GRCs is binding, unless vacated by the court of law. The GRC will continue to function, for the benefit of the DPs, during the entire life of the project including the maintenance period.

### **C. Constitution and Function of the GRC**

163. A Grievance Redress Committee (GRCs) will be established at the state level and at the PIU level to assure accessibility for DPs. The GRCs are expected to resolve grievances of the eligible persons within a stipulated time of 3 weeks at the PIU level and 3 weeks at the state level.

164. The State level GRC will comprise of the:

- (a) Additional Chief Engineer (NH) -Chairperson
- (b) General Manager (NHIDCL) – Member Secretary
- (c) Deputy Commissioner (or his representative)
- (d) Resettlement Officer, PIU,
- (e) A representative from IP community or NGO for IP related issue

165. The PIU level GRC will comprise of the:

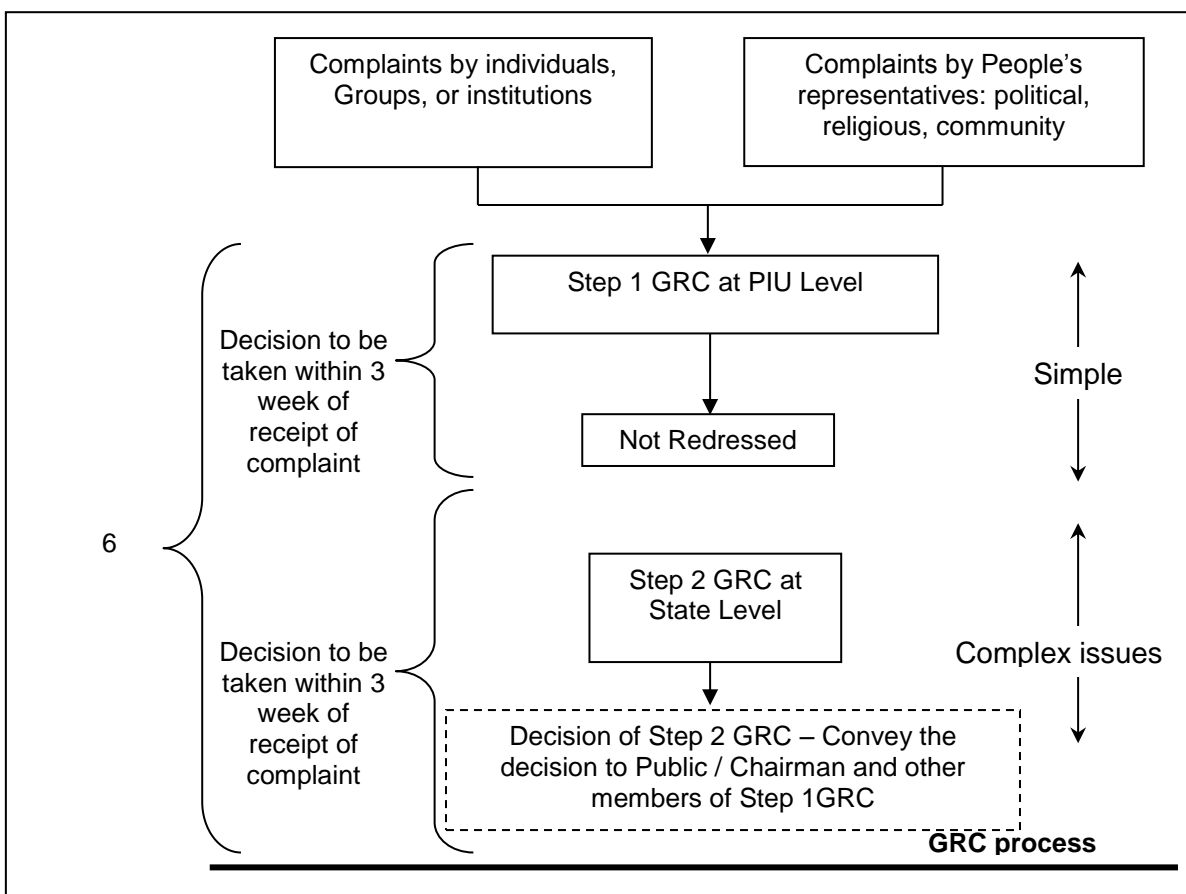

- (a) General Manager (NHIDCL) -Chairperson
- (b) A representative from District Administration
- (c) Resettlement Officer, PIU
- (d) A representative from local NGOs or a local person of repute and standing in the society,
- (e) Elected representative from Zila Parisad /District Council.
- (f) A representative for women from a relevant agency which could be from the government, or NGO or local community

- (g) A representative from IP community or NGO for IP related issue.

166. One of the above members in the PIU level GRC will be a woman. The following flow chart (Figure 3) defines the process of the GRM.

**Figure 3: Grievance Redress Mechanism**

#### **D. Operational Mechanisms of GRC**

167. It is proposed that GRC will meet regularly (at least once in a month) on a pre-fixed date. The committee will look into the grievances of the people and will assign the responsibilities to implement the decisions of the committee. The claims will be reviewed and resolved within 15 days from the date of submission to the committee. All grievances will be routed through the NGO to the GRC. Through public consultations, the DPs will be informed that they have a right to grievance redress. The DPs can call upon the support of the NGO to assist them in presenting their grievances or queries to the GRC. The NGO will act as an in-built grievance redress body. The NGO will first of all register the grievances and take up with VLC for redress and any grievances not redressed at VLC level will be dealt in by the GRC. Grievances will be redressed within two to four weeks from the date of lodging the complaints, depending on severity of problem. The DPs, who would not be satisfied with the decision of the GRC, will have the right to take the grievance to the PIU Head Office for its redress. Failing the redressal of grievance at PIU. However an aggrieved person should have access to the country's judiciary at any stage of the subproject level grievance redress process. Taking grievances to Judiciary will be avoided as far possible and the NGO will make utmost efforts at reconciliation at the level of

GRC. All grievances received (written or oral) and their redress will be recorded and documented properly. The EA will ensure that, such records will be made available to the external monitor or ADB review mission on request.

168. People who are, or may in the future be, adversely affected by the project may submit complaints to ADB's Accountability Mechanism. The Accountability Mechanism provides an independent forum and process whereby people adversely affected by ADB-assisted projects can voice, and seek a resolution of their problems, as well as report alleged violations of ADB's operational policies and procedures. Before submitting a complaint to the Accountability Mechanism, affected people should make a good faith effort to solve their problems by working with the concerned ADB operations department. Only after doing that, and if they are still dissatisfied, should they approach the Accountability Mechanism.<sup>22</sup>

### **XIII. INSTITUTIONAL ARRANGEMENT**

#### **A. Institutional Requirement**

169. For implementation of RP there will be a set of institutions involve at various levels and stages of the subproject. For successful implementation of the RP the proposed institutional arrangement with their role and responsibility has been outlined in this section. The primary institutions, who will be involved in this implementation process, are the following:

- (a) Ministry of Road Transport and Highways
- (b) National Highways and Infrastructural Development Corporation (NHIDCL)
- (c) Project Implementation Unit (PIU)
- (d) Land Valuation Committee (LVC)
- (e) Village Level Committee (VLC)
- (f) State Level Grievance Redress Committee
- (g) PIU Level Grievance Redress Committee
- (h) Construction Supervision Consultant (CSC)
- (i) Non Government Organization (NGO)

#### **B. Executing Agency**

170. The Executing Agency (EA) for the Project is Ministry of Road Transport and Highways (MORTH) and the Implementing Agency (IA) is National Highways and Infrastructural Development Corporation (NHIDCL). The existing NHIDCL has already established a Branch Office (BO) which will be the Project Implementation Unit (PIU) headed by a General Manager (GM), who will be the Project Director (PD). This office will be functional for the whole subproject duration. The PD will have overall responsibility for implementation of loan and will also be responsible for the overall coordination among ADB, Government of Manipur and PIU . EAs will be supported by the Construction and Supervision Consultant (CSC) to ensure timely and effective implementation of RP.

#### **C. Resettlement Management at PIU**

171. PIU headed by a Project Director (PD) responsible for the overall execution of the subproject. The PD will be responsible for (i) overall implementation of R&R activities according to the RP including responsible for land acquisition and R&R activities in the field; (ii) ensure availability of budget for R&R activities; (iii) liaison with district administration for support for land acquisition and implementation of R&R; (iv) and selection and appointment of the RP implementing agency.

172. The PIU will appoint/depute one full-time Manager level official as the Resettlement Officer (RO) for the entire duration of resettlement activities, with relevant experience in land acquisition and resettlement issues. The PIU will maintain all databases and work closely with DPs and other stakeholders. Based on regularly updated data, a central database will also be maintained by PIU.

173. The PIU officials and RO will require to enhance their capacities in R&R implementation. The staff will undergo an orientation and training in resettlement management at the beginning of the project. The capacity development training inputs would include ADB resettlement policy and principles to be imparted by the R&R expert from CSC. The training activities will focus on issues concerning (i) principles and procedures of land acquisition, (ii) public consultation and

participation, (iii) entitlements and compensation disbursement mechanisms, (iv) grievance redressal, and (v) monitoring of resettlement operation. The training would specifically focus on the differences between provisions of ADB policy and the relevant country laws. The awareness of these differences and the need to follow the provisions of the ADB policy are critical for successful implementation of the RP.

174. The RO will work closely with the District Collector to expedite the payments of compensation for land acquisition and assistance to DPs. The RO will be assisted by the PIU and NGO for planning and implementation of resettlement activities in the subproject. Some of the specific functions of the PIU in regards to resettlement management will include:

- (a) Overall responsibility of implementation and monitoring of R&R activities in the Subproject;
- (b) Ensure availability of budget for R&R activities;
- (c) Liaison lined agencies support implementation of R&R;
- (d) Selection and appointment of the NGOs.
- (e) Coordinating with line Departments, implementing NGO, CSC and CMC.
- (f) Translation of RP in local language;
- (g) Liaison with district administration for dovetailing government's income generating and developmental programs for the DPs;
- (h) Ensure the inclusion of those DPs who may have not been covered during the census survey;
- (i) facilitate the opening of accounts in local banks to transfer assistance to DPs, and organize the disbursement of cheque for assistance in the affected area in public;
- (j) Monitor physical and financial progress on land acquisition and R&R activities;
- (k) Participate in regular meetings in GRC; and
- (l) Organize monthly meetings with the NGO to review the progress on R&R.

#### **D. Nongovernment Organization (NGO)**

175. Involuntary resettlement is a sensitive issue and strong experience in R&R matters along with community related skills will be required by the PIU in order to build a good rapport with the affected community and facilitate satisfactory R&R of the DPs. To overcome this deficiency, experienced and well-qualified NGO in this field will be engaged to assist the PIU in the implementation of the RP. The NGO would play the role of a facilitator and will work as a link between the PIU and the affected community. NGO will assist DPs in income restoration by preparing micro plan and guiding to access into various ongoing government development schemes and agencies providing financial assistance and loan. Taking into account the significant role of the NGO in RP implementation, it is extremely important to select NGO that are capable, genuine and committed to the tasks assigned in order to ensure the success of the Plan. The Terms of Reference for the NGO is appended as **Appendix: 7**.

176. The roles and responsibilities of various agencies to be involved in resettlement planning process and implementation of resettlement activities are summarized in **Table 38**.

### E. Capacity Building on RP in the EA

177. National Highways and Infrastructure Development Corporation is a fully owned company of the Ministry of Road Transport & Highways(MORTH), Government of India. MORTH has enormous experience in planning and managing land acquisition and R&R issues in its own funding and also externally financed projects. NHIDCL is relatively a new initiative by GOI under MORTH but the staffs are basically either from MORTH or its another wing i.e. National Highways Authority of India (NHAI). Since the NHIDCL has limited experience from organizational point of view, it is suggested to have training and orientation program to further enhance their capacity to handle the land acquisition and R&R issue.

178. Close consultations were held with NHIDCL to have an initial level of capacity assessment and capacity building exercise during the preparation of this RP. The NHIDCL has already established a PIU headed by General Manager (GM) who will be acting as the Project Head/Director and a manager level officer from the PIU will be designated as Resettlement Officer (RO) for dealing with the land acquisition and resettlement for the subproject. Also it is recommended that the NHIDCL will hire a retired revenue officer to assist them on LA issue and an experienced NGO on RP implementation.

179. All concerned staff both at head office and field level involved in land acquisition and resettlement activities will undergo an orientation and training in ADB resettlement policy and management. Broadly, the training will cover various topics such as (i) Principles and procedures of land acquisition; (ii) Public consultation and participation; (iii) Entitlements and compensation & assistance disbursement mechanisms; Grievance redress; and (iv) Monitoring of resettlement operations. These will be covered through a formal workshop by the consultant under the ongoing technical assistance program. The specific components under the training will cover the following:

- (a) Understanding of the ADB Policy Guidelines and requirements and differences between country policy and laws
- (b) Understanding of the policy and procedure adopted for the Subproject
- (c) Understanding of the Implementation Schedule activities step-by-step
- (d) Understanding of the Monitoring and reporting mechanism
- (e) Understanding of the economic rehabilitation measures

## **XIV. IMPLEMENTATION SCHEDULE**

### **A. Introduction**

180. Implementation of RP mainly consists of compensation to be paid for affected structures and rehabilitation and resettlement activities. The time for implementation of resettlement plan will be scheduled as per the overall subproject implementation. All activities related to the land acquisition and resettlement must be planned to ensure that compensation is paid prior to displacement and commencement of civil works. The EAs and PIU will ensure that no physical or economic displacement of displaced households will occur until: (i) compensation at full replacement cost has been paid to each displaced person for project components or sections that are ready to be constructed; (ii) other entitlements listed in the resettlement plan are provided to the displaced persons; and (iii) a comprehensive income and livelihood rehabilitation program, supported by adequate budget, is in place to help displaced persons, improve, or at least restore, their incomes and livelihoods. Furthermore, all RPs will be revised during detailed design, and the updated RPs will be approved by government and ADB and disclosed prior to implementation. Public consultation, monitoring and grievance redress will be undertaken intermittently throughout the subproject duration. However, the schedule is subject to modification depending on the progress of the subproject activities. The civil works contract for each subproject will only be awarded after all compensation and relocation has been completed for subproject and rehabilitation measures are in place.

### **B. Schedule for Subproject Implementation**

181. The proposed subproject R&R activities are divided into three broad categories based on the stages of work and process of implementation. The details of activities involved in these three phases: subproject preparation phase, RP implementation phase, Monitoring and Reporting period are discussed in the following paragraphs.

### **C. Subproject Preparation Phase**

182. The major activities to be performed in this period include establishment of PIU at subproject level; submission of RP for ADB approval; appointment of NGO and establishment of GRCs etc. The information campaign and community consultation will be a process initiated from this stage and will go on till the end of the subproject.

### **D. RP Implementation Phase**

183. After the subproject preparation phase the next stage is implementation of RP which includes issues like compensation of award by EA; payment of all eligible assistance; relocation of DPs; initiation of economic rehabilitation measures; site preparation for delivering the site to contractors for construction and finally starting civil work.

### **E. Monitoring and Reporting Period**

184. As mentioned earlier the monitoring will be the responsibility of PIU, and implementing NGO and will start early during the subproject when implementation of RP starts and will continue till the completion of the subproject. Keeping in view the significant involuntary resettlement impacts, an external monitoring and reporting expert will be hired for the subproject.

## F. R&R Implementation Schedule

185. A composite implementation schedule for R&R activities in the subproject including various sub tasks and time line matching with civil work schedule is prepared and presented in the form of **Table 39**. However, the sequence may change or delays may occur due to circumstances beyond the control of the Subproject and accordingly the time can be adjusted for the implementation of the plan. The implementation schedule can also be structured through package wise. The entire stretch can be divided in to various contract packages and the completion of resettlement implementation for each contract package shall be the pre-condition to start of the civil work at that particular contract package.

## XV. MONITORING AND REPORTING

### A. Need for Monitoring and Reporting

186. Monitoring and reporting are critical activities in involuntary resettlement management in order to ameliorate problems faced by the DPs and develop solutions immediately. Monitoring is a periodic assessment of planned activities providing midway inputs. It facilitates change and gives necessary feedback of activities and the directions on which they are going. In other words, monitoring apparatus is crucial mechanism for measuring subproject performance and fulfilment of the subproject objectives.

### B. Monitoring in the Subproject

187. RP implementation for the subproject by the NGO will be closely monitored by the EA. Keeping in view the significance of resettlement impacts of the project and being categorised overall as 'A', the monitoring mechanism for this project will have both internal monitoring by PIU and external monitoring by an external expert.

### C. Monitoring by PIU

188. One of the main roles of PIU will be to see proper and timely implementation of all activities in RP. Monitoring will be a regular activity for PIU and Resettlement Officer at this level will see the timely implementation of R&R activities. Monitoring will be carried out by the PIU and its agents, such as NGOs and will prepare monthly reports on the progress of RP Implementation. PIU will collect information from the subproject site and assimilate in the form of monthly report to assess the progress and results of RP implementation and adjust work program where necessary, in case of delays or any implementation problems as identified. This monitoring will form parts of regular activity and reporting on this will be extremely important in order to undertake mid-way corrective steps. The monitoring by PIU will include:

- (a) **administrative monitoring:** daily planning, implementation, feedback and trouble shooting, individual DP database maintenance, and progress reports;
- (b) **socio-economic monitoring:** case studies, using baseline information for comparing DP socio-economic conditions, evacuation, demolition, salvaging materials, morbidity and mortality, community relationships, dates for consultations, and number of appeals placed; and
- (c) **Impact monitoring:** Income standards restored/improved, and socioeconomic conditions of the displaced persons. Monitoring reports documenting progress on resettlement implementation and RP completion reports will be provided by the PIU for review and approval from ADB.

### D. External Monitoring

189. The monitoring of RP will be undertaken by the Resettlement Expert of the Implementation Supervision Consultant. The main objective of this monitoring is to supervise overall monitoring of the subproject and submit a biannual report to determine whether resettlement goals have been achieved, more importantly whether livelihoods and living standards have been restored/ enhanced and suggest suitable recommendations for improvement. The external monitoring consultant will be mobilized within three months of loan approval and the monitoring will be carried out intermittently during the RP implementation. The external monitor will assess resettlement outcomes, their impacts on the standards of living of

displaced persons, and whether the objectives of the resettlement plan have been achieved by taking into account the baseline conditions and the results of resettlement monitoring. The EM will undertake a post-resettlement evaluation of the effectiveness of RP implementation with comparison to baseline information.

190. The ToR for External monitoring is attached as **Appendix: 6**. The key tasks during external monitoring will include:

- (a) Review and verify the monitoring reports prepared by PIU;
- (b) Review of socio-economic baseline census information of pre-displaced persons and conduct (if necessary) baseline survey;
- (c) Identification and selection of impact indicators;
- (d) Impact assessment through formal and informal surveys with the displaced persons;
- (e) Consultation with APs, officials, community leaders for preparing review report;
- (f) Assess the resettlement efficiency, effectiveness, impact and sustainability, drawing lessons for future resettlement policy formulation and planning.

191. The following should be considered as the basis for indicators in monitoring of the subproject:

- (a) socio-economic conditions of the DPs in the post-resettlement period;
- (b) communication and reactions from DPs on entitlements, compensation, options, alternative developments and relocation timetables etc.;
- (c) changes in housing and income levels;
- (d) rehabilitation of informal settlers;
- (e) valuation of property;
- (f) grievance procedures;
- (g) disbursement of compensation; and
- (h) level of satisfaction of DPs in the post resettlement period.

## **E. Stages of Monitoring**

192. Considering the importance of the various stage of subproject cycle, the EA will handle the monitoring at each stage as stated below:

## **F. Preparatory Stage**

193. During the pre-relocation phase of resettlement operation, monitoring is concerned with administrative issues such as, establishment of resettlement unit, budget, land acquisition, consultation with APs in the preparation of resettlement plan, payments of entitlement due, grievance redresses and so on. The key issue for monitoring will be:

- (a) Conduct baseline survey
- (b) Consultations
- (c) Identification of AP and the numbers
- (d) Identification of different categories of DPs and their entitlements
- (e) Collection of gender disaggregated data
- (f) Inventory and losses survey
- (g) Asset inventory
- (h) Entitlements

- (i) Valuation of different assets
- (j) Budgeting
- (k) Information dissemination
- (l) Institutional arrangements
- (m) Implementation schedule review, budgets and line items expenditure

## **G. Relocation Stage**

194. Monitoring during the relocation phase covers such issues as site selection in consultation with APs, development of relocation sites, assistance to DPs (especially to vulnerable groups) in physically moving to the new site. Likewise aspects such as adjustment of DPs in the new surroundings, attitude of the host population towards the new comers and development of community life are also considered at this stage. The key issue for monitoring will be:

- (a) Payment of compensation
- (b) Delivery of entitlement
- (c) Grievance handling
- (d) Preparation of resettlement site, including civic amenities (water, sanitation, drainage, paved streets, electricity)
- (e) Consultations
- (f) Relocation
- (g) Payment of compensation
- (h) Livelihood restoration assistance and measures

## **H. Rehabilitation Stage**

195. Once DPs have settled down at the new sites, the focus of monitoring will shift to issues of economic recovery programs including income restoration measures, acceptance of these schemes by DPs, impact of income restoration measures on living standards, and the sustainability of the new livelihood patterns. The key issue for monitoring will be:

- (a) Initiation of income generation activities
- (b) Provision of basic civic amenities and essential facilities in the relocated area
- (c) Consultations
- (d) Assistance to enhance livelihood and quality of life

## **I. Monitoring Indicators**

196. The most crucial components/indicators to be monitored are specific contents of the activities and entitlement matrix. The RP contains indicators and benchmarks for achievement of the objectives under the resettlement program. These indicators and benchmarks are of three kinds:

- (a) Process indicators including subproject inputs, expenditures, staff deployment, etc.
- (b) Output indicators indicating results in terms of numbers of affected people compensated and resettled, training held, credit disbursed, etc and
- (c) Impact indicators related to the longer-term effect of the subproject on people's lives.

197. Some of the indicative monitoring indicators are as following and a sample land acquisition planning and monitoring form is presented in the **Annexure: 6**.

### **1. Delivery of Entitlements**

- Entitlements disbursed, compared with number and category of losses set out in the entitlement matrix.
- Disbursements against timelines.
- Identification of the displaced persons losing land temporarily, e.g. through soil disposal, borrow pits, contractors' camps, been included.
- Timely disbursements of the agreed transport costs, relocation costs, income substitution support, and any resettlement allowances, according to schedule.
- Provision of replacement land plots.
- Quality of new plots and issue of land titles.
- Construction of relevant community infrastructure.
- Restoration of social infrastructure and services.
- Progress on income and livelihood restoration activities being implemented as set out in the income restoration plan, for example, utilizing replacement land, commencement of production, the number of the displaced persons trained in employment with jobs, microcredit disbursed, number of income-generating activities assisted.
- Affected businesses receiving entitlements, including transfer and payments for net losses resulting from lost business.

### **2. Consultation and Grievances**

- Consultations organized as scheduled including meetings, groups, and community activities.
- Knowledge of entitlements by the displaced persons.
- Use of the grievance redress mechanism by the displaced persons.
- Information on the resolution of the grievances.
- Information on the implementation of the social preparation phase.
- Implementation of special measures for Indigenous Peoples.

### **3. Communications and Participation**

- Number of general meetings (for both men and women).
- Percentage of women out of total participants.
- Number of meetings exclusively with women.
- Number of meetings exclusively with vulnerable groups.
- Number of meetings at new sites.
- Number of meetings between hosts and the displaced persons.
- Level of participation in meetings (of women, men, and vulnerable groups).
- Level of information communicated—adequate or inadequate.
- Information disclosure.
- Translation of information disclosure in the local languages.

### **4. Budget and Time Frame**

- Land acquisition and resettlement staff appointed and mobilized on schedule for the field and office work.
- Capacity building and training activities completed on schedule.
- Achieving resettlement implementation activities against the agreed implementation plan.
- Funds allocation for resettlement to resettlement agencies on time.
- Receipt of scheduled funds by resettlement offices.
- Funds disbursement according to the resettlement plan.
- Social preparation phase as per schedule.
- Land acquisition and occupation in time for implementation.

## **5. Livelihood and Income Restoration**

- Number of displaced persons under the rehabilitation programs (women, men, and vulnerable groups).
- Number of displaced persons who received vocational training (women, men, and vulnerable groups).
- Types of training and number of participants in each.
- Number and percentage of displaced persons covered under livelihood programs (women, men, and vulnerable groups).
- Number of displaced persons who have restored their income and livelihood patterns (women, men, and vulnerable groups).
- Number of new employment activities.
- Extent of participation in rehabilitation programs.
- Extent of participation in vocational training programs.
- Degree of satisfaction with support received for livelihood programs.
- Percentage of successful enterprises breaking even (women, men, and vulnerable groups).
- Percentage of displaced persons who improved their income (women, men, and vulnerable groups)
- Percentage of displaced persons who improved their standard of living (women, men, and vulnerable groups)
- Number of displaced persons with replacement agriculture land (women, men, and vulnerable groups)
- Quantity of land owned/contracted by displaced persons (women, men and vulnerable groups)
- Number. of households with agricultural equipment
- Number of households with livestock

## **6. Benefit Monitoring**

- Noticeable changes in patterns of occupation, production, and resource use compared to the pre-project situation.
- Noticeable changes in income and expenditure patterns compared to the pre-project situation.
- Changes in cost of living compared to the pre-project situation.
- Changes in key social and cultural parameters relating to living standards.
- Changes occurred for vulnerable groups.
- Benefiting from the project by the displaced persons.

**J. Reporting Requirements**

198. PIU responsible for supervision and implementation of the RP will prepare monthly progress reports on resettlement activities and submit semi-annual reports to ADB.

199. The external monitoring expert responsible for monitoring of the RP implementation will submit a semi-annual review report to PIU to determine whether resettlement goals have been achieved, more importantly whether livelihoods and living standards have been restored/enhanced and suggest suitable recommendations for improvement.

200. All the resettlement monitoring reports will be disclosed to DPs as per procedure followed for disclosure of resettlement documents by the EA. The monitoring reports will also be disclosed on ADB Website.

## **APPENDIX 7: TERMS OF REFERENCE (TOR) FOR THE NGO TO IMPLEMENT THE RESETTLEMENT PLAN (RP) FOR IMPHAL MOREH ROAD**

### **A. Project Background**

1. The SASEC Road Connectivity Investment Program (“SRCIP”) will improve road connectivity and efficiency of the international trade corridor, by expanding about 500km of roads in the North Bengal and Northeastern Region (NB-NER) of India. The project area under SRCIP is a key strategic thoroughfare integrating South and South East Asia, bordering Bangladesh, Bhutan, Myanmar and Nepal. It will enable efficient and safe transport within India and regionally with other South Asia Sub Regional Economic Cooperation (SASEC) member countries.<sup>1</sup> Ultimately, SRCIP will pave the way from India and other South Asian countries to Myanmar, and further afield to other member countries of the Association of South East Asian Nations (ASEAN).

2. National Highways and Infrastructure Development Corporation Limited (NHIDCL) is implementing Imphal – Khongkhang road subproject under SRCIP and an NGO is required to implement the Resettlement Plan prepared for the project. The NGO shall be responsible for assisting NHIDCL in implementing land acquisition and resettlement activities for the Imphal – Khongkhang Road which totals 65.68 km. The Subproject road is falling in four Districts of Manipur i.e. Imphal East, Imphal West Thoubal and Chandel.

3. The project construction would necessitate land acquisition and will also lead to displacement and loss of private land, assets, livelihood and community property resources. The displaced households include titleholders losing land and assets, and non-titleholders losing various assets. The overall implementation period for this assignment is 36 months from the commencement of contract.

### **B. Objectives of the Assignment**

4. The NGO shall be responsible for assisting NHIDCL in facilitating land acquisition and Resettlement Plan (RP) implementation in an efficient and transparent manner for the project road. The implementation shall follow The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 and the ADB's Safeguard Policy Statement 2009.

5. The overall tasks of the NGO are to:

- (i) Coordinate the entire process from start to finish for disseminating assistance to relevant DPs;
- (ii) Coordinate with, and provide support, where needed, to Revenue officials and other relevant line agencies in expediting the land acquisition and resettlement process;
- (iii) Implement livelihood and income restoration program;
- (iv) Disseminate project information to DPs in an ongoing manner;
- (v) Assist the DPs in redressing their grievances (through the grievance redress committee set up for the project);
- (vi) Conduct awareness program for HIV/AIDs, health and hygiene, and human trafficking in affected villages;

---

<sup>1</sup> Comprising of Bangladesh, Bhutan, India and Nepal.

- (vii) Collect data and submit progress reports on a monthly and quarterly basis for NHIDCL to monitor the progress of RP implementation; and
- (viii) Any other tasks as assigned by NHIDCL.

### **C. Scope of Work**

6. The principal responsibilities of the NGO will include, but not limited to the following:

#### **1. Administrative Responsibilities of the NGO**

7. The NGO will work under the direction of the Member (Administration), or any person authorized by the Member (Administration). NGO shall assist NHIDCL in carrying out the implementation of the RP for the project road.

8. The NGO shall assist NHIDCL in conducting all public meetings, information campaigns at the commencement of the project and give full information to the affected villages. This includes translating the summarized RP into local language in a form of a Project Information Brochure for disclosure and dissemination to DPs.

9. The NGO shall submit monthly and quarterly progress report to NHIDCL. The report should cover implementation issues, grievances and summary of consultations

10. The NGO shall assist NHIDCL in convening the GRC and keep the records of GRC at PIU and State level.

11. Assist NHIDCL in the management of the database of the DPs, and at the end of the assignment, ensure proper handover of all data and information to NHIDCL.

#### **2. Responsibilities for Implementation of the RP**

12. The NGO shall verify the information already contained in the RP and the individual losses of the relevant DPs. They should validate the data provided in the RP and make suitable changes if required and wherever changes are made it should be supported by documentary evidence. The NGO shall establish rapport with all DPs, consult and provide information to them about the respective entitlements as proposed under the RP, and distribute entitlement cum Identity Cards to the eligible DPs. The identity card should include a photograph of the DP, the extent of loss suffered due to the project, and the choice of the DP with regard to the mode of compensation and assistance.

13. The NGO shall develop rapport between the DPs and the Project Authority. This will be achieved through regular meetings with both the PIU and the DPs. Meetings with the PIU will be held at least fortnightly, and meetings with the DPs will be held monthly, during the entire duration of the assignment. All meetings and decisions taken shall be documented by the NGO.

14. The NGO shall display the list of eligible DPs in prominent public places like villages, Panchayat Offices, Block/Tehsil headquarters, and the District Headquarters.

15. During the verification of the eligible DPs, the NGO shall ensure that each of the DPs are contacted and consulted either in groups or individually. The NGO shall specially ensure consultation with women from the DP families especially women headed households.

16. Participatory methods should be adopted in assessing the needs of the DPs, especially with regard to the vulnerable groups of DPs. The methods of contact may include village level meetings, gender participation through group's interactions, and Individual meetings and interactions.

17. The NGO shall explain to the DPs the provisions of the policy and the entitlements under the RP. This shall include communication to the roadside squatters and encroachers about the need for their eviction, the timeframe for their removal and their entitlements.

18. The NGO shall disseminate information to the DPs on the possible consequences of the project on the communities' livelihood systems and the options available, so that they do not remain ignorant.

19. In all of these, the NGO shall consider women as a special focus group, and deal with them with care and sympathy.

20. The NGO shall assist the project authorities in ensuring a smooth transition (during the part or full relocation of the DPs), helping the DPs to take salvaged materials and shift. In close consultation with the DPs, the NGO shall inform PIU about the shifting dates agreed with the DPs in writing and the arrangements desired by the DPs with respect to their entitlements.

21. The NGO shall assist the DPs in opening bank accounts explaining the implications, the rules and the obligations of a bank account and how s/he can access the resources s/he is entitled to. The NGO shall recommend methods of disbursement for assistance to NHIDCL for approval. The disbursement method should be transparent, efficient and meets government audit requirements.

22. The NGO shall implement the livelihood restoration program for those DPs who qualify. The NGO shall coordinate with relevant organization or mobilize its own short-term experts in carrying out the training activities.

23. The NGO shall ensure proper utilization of the R&R budget available for the subproject. The NGO shall counsel the DPs in finding suitable economic investment options and help them in regaining the losses of land and other productive assets.

### **3. Accompanying and Representing the DPs at the Grievance Committee Meetings**

24. The NGO shall nominate a suitable person (from the staff of the NGO) to be a member of the GRCs. The NGO shall make the DPs aware of the existence of grievance redressal committees (GRCs).

25. The NGO shall help the DPs in filling the grievance application and also in clearing their doubts about the procedure as well as the context of the GRC award.

26. The NGO shall record the grievance and bring it to the notice of the GRCs within seven days of receipt of the grievance from the DPs. It shall submit a draft resolution with respect to the particular grievance of the DP, suggesting multiple solutions, if possible, and deliberate on the same in the GRC meeting through the NGO representative in the GRC.

27. To accompany the DPs to the GRC meeting on the decided date, help the DP to express his/her grievance in a formal manner if requested by the GRC and again inform the DPs of the decisions taken by the GRC within 3 days of receiving a decision from the GRC.

#### 4. Carry out Public Consultation

28. In addition to counseling and providing information to DPs, the NGO will carry out periodic and ongoing consultation with DPs and other stakeholders.

#### 5. Assisting the PIU with the Project's Social Responsibilities

29. The NGO shall assist the NHIDCL to implement HIV/AIDS awareness measures, basic health and hygiene and trafficking. The NGO shall coordinate with relevant organization or mobilize its own short-term experts in carrying out the activities.

#### 6. Monitoring and Reporting

30. The NGO involved in the implementation of the RP will be required to supply all information, documents to the external monitor.

### D. Documentation and Reporting by NGO

31. The NGO shall submit all of the following reports, brochures and outputs in a format approved by NHIDCL.

- (i) **Inception Report.** To be submitted within two weeks of mobilization which includes work plan for the whole contract period, staffing and personnel deployment plan, and a withdrawal plan at the end of the period of contract.
- (ii) **Project Information Brochure.** Summarize the RP, translate summary and produce Project Information Brochure in local language within 1 month of mobilization. For distribution to all affected households.
- (iii) **Microplans for relevant Non-titleholders.** Includes issuance of ID cards and other documents. To be completed at an agreed time with NHIDCL.
- (iv) **Monthly Progress Reports.** To be submitted to NHIDCL at the end of each month. Shall include weekly progress and work charts as against the scheduled timeframe of RP implementation.
- (v) **Quarterly Progress Reports.** To be submitted to NHIDCL at the end of each quarter. Shall include progress on implementation, livelihood restoration program, GRC, HIV/AIDS awareness program, issues and challenges, and etc.
- (vi) **Completion Report** at the end of the contract period summarizing the actions taken during the project, the methods and personnel used to carry out the assignment, and a summary of support/assistance given to the DPs.
- (vii) All other reports/documentation as described in these terms of reference.
- (viii) Record minutes of all meetings.

### E. Staffing Schedule

## **APPENDIX 8: TERMS OF REFERENCE FOR AN EXTERNAL MONITORING AGENCY/EXPERT**

### **A. Introduction**

1. The SASEC Road Connectivity Investment Program (“SRCIP”) will improve road connectivity and efficiency of the international trade corridor, by expanding about 500km of roads in the North Bengal and Northeastern Region (NB-NER) of India. The project area under SRCIP is a key strategic thoroughfare integrating South and South East Asia, bordering Bangladesh, Bhutan, Myanmar and Nepal. It will enable efficient and safe transport within India and regionally with other South Asia Sub Regional Economic Cooperation (SASEC) member countries.<sup>1</sup> Ultimately, SRCIP will pave the way from India and other South Asian countries to Myanmar, and further afield to other member countries of the Association of South East Asian Nations (ASEAN).

2. National Highways and Infrastructure Development Corporation Limited (NHIDCL) is implementing Imphal-Khongkhang road subproject under SRCIP and require an independent consultant for external monitoring and reporting of Resettlement Plan implementation for the project.

### **B. Objectives and Requirements of Monitoring and Evaluation**

3. The objectives of monitoring and evaluation are to assess whether the RP is implemented on schedule and within budget and whether the goals and principles of the RP are achieved. Specifically, monitoring and evaluation will focus on the following aspects of the DPs’ situation and the resettlement process.

- (i) Land acquisition process
- (ii) Social and economic situation prior to and after land acquisition and/or resettlement;
- (iii) Timely disbursement of funds;
- (iv) Functioning of the grievance redress mechanism
- (v) Environmental conditions;
- (vi) Social adaptability after resettlement;
- (vii) Rehabilitation of vulnerable groups
- (viii) Special items related to the vulnerable groups;
- (ix) Condition and quality of land temporarily acquired when it is returned to the original land users;
- (x) Measures taken to restore affected livelihoods; and,
- (xi) Living conditions and economic status of DPs following resettlement in comparison to the “without project” scenario.

4. Monitoring and evaluation will include (i) the verification or establishment of a socio-economic baseline of the DPs prior to actual land acquisition, physical displacement/relocation, loss of assets or disruption of businesses (as relevant); (ii) verification of internal monitoring data and reports; (iii) the regular monitoring of their {resettlement or displacement/relocation (as relevant)} and adjustment during Project implementation; and (iv) evaluation of their situation for a period of one year after land acquisition or displacement or relocation (as relevant). In addition, qualitative and quantitative evaluation will be made on the sustainability of living

conditions of DPs. Investigation will include consultations and observations with DPs, IAs, local officials, village leaders, as well as a quantitative sample survey of displaced households. Focus group discussion will be conducted with male and female DPs, and vulnerable groups.

5. If the findings of the EM indicate significant compliance DPs, the EM will work with the EA and PIU to prepare a separate corrective action plan (CAP) in cooperation with the relevant stakeholders, to address pending or new LAR impacts. The EM will monitor and report on the implementation of the CAP.

### **C. Monitoring Indicators**

6. Monitoring will include process, output and outcome indicators. The monitoring framework and formats stipulated in the RP will be adopted. The following general indicators will be covered.

- (i) Disbursement of entitlements to DPs and enterprises/businesses: compensation, relocation, housing, cultivated farmland, and employment as specified in the RP. Process of fair negotiation and payment of compensation to DPs.
- (ii) Provision of relocation options: the affected persons must move into chosen resettlement/housing option at least one month before physical displacement/relocation; for those opting for self-construction, payment of compensation and provision of housing sites should be completed at least three months before physical displacement/relocation; the compensation for construction of houses should be equivalent to the replacement cost; the DPs must receive their entitlements and allowances on time.
- (iii) Development of economic productivity: re-allocation of cultivated land, land restoration, job opportunities available to DPs, number of DPs employed or unemployed.
- (iv) Standard of living: Throughout the implementation process, the trends in standards of living will be observed and the potential problems in the way of restoration of standards of living will be identified and reported. The Monitor will carry out a comprehensive socio-economic survey after the completion of resettlement implementation to document the standards of living and the conditions of the DPs after resettlement. The survey will be updated annually.
- (v) Restoration of civic infrastructure: all necessary infrastructure should be restored at the resettlement sites at least up to a standard equal to the standard at the original location; the compensation for all infrastructure should be sufficient to reconstruct it to the same quality
- (vi) Effectiveness of resettlement planning. Adequacy of assets measurement, entitlements, sufficiency of budget, and timeliness of mitigation measures.
- (vii) Level of satisfaction of DPs: level of satisfaction of DPs with various aspects of the resettlement program; the operation of the mechanisms for grievance redress will be reviewed and the speed and results of grievance redress measures will be monitored.
- (viii) Social adaptability and cohesion: impacts on children, indigenous peoples/ethnic minorities and other vulnerable groups, public participation, DPs' attitudes and reaction to post resettlement situation, number of complaints and appeal procedures, implementation of preferential policies, income restoration measures, and improvements in women's status in villages.
- (ix) Other Impacts. The monitor will verify if there are unintended environmental impacts and impacts on employment and incomes.

#### **D. Special Considerations**

7. Special attention will be paid to women, indigenous peoples/ethnic minorities/groups, as well as the poor and vulnerable groups during monitoring; these include:

- (i) The status and roles of women: Closely monitor any change in women's status, function and situations.
- (ii) Differential impacts on indigenous peoples/ethnic minority groups. Closely monitor the socioeconomic status of indigenous peoples to ensure that they have not been further marginalized. Monitoring indicators should to the extent possible be disaggregated by gender and ethnicity.
- (iii) Care and attention to vulnerable groups: Closely monitor living conditions of the poor, the elderly, the handicapped, female headed households and other vulnerable groups after resettlement, to ensure that their livelihood is improved.
- (iv) Monitoring and evaluation will provide information on the utilization and adequacy of resettlement funds.

8. The external monitoring expert responsible for monitoring of the RP implementation will submit a semi-annual review report to PIU to determine whether resettlement goals have been achieved, more importantly whether livelihoods and living standards have been restored/enhanced and suggest suitable recommendations for improvement.
