Established in 1966, ADB has committed $323.17 billion in loans toward the vision of an Asia and Pacific region free of poverty. Finland is a founding member of ADB.

FINLAND

The Asian Development Bank (ADB) is dedicated to achieving a prosperous, inclusive, resilient, and sustainable Asia and the Pacific, while sustaining its efforts to eradicate extreme poverty.

Established in 1966, it is owned by 68 members—49 from the region—who have committed $323.17 billion in loans toward the vision of a region free of poverty.

Despite the region’s successes, issues still to be fully addressed include poverty and inequality, climate change, growing environmental pressures, and large infrastructure deficits.

Finland has provided $520.23 million in capital subscription to ADB as of 31 December 2020. It has also contributed and committed $222.43 million to Special Funds since joining the bank in 1966. Companies and consultants from Finland have since been awarded $154.91 million in procurement contracts on ADB-financed projects.

In 2020, ADB’s lending volume was $26.9 billion (149 projects), with technical assistance at $293.56 million (275 projects) and grant-financed projects at $1.08 billion (62 projects). In addition, $16.41 billion in commitments from sovereign and nonsovereign cofinancing was generated.

From 1 January 2016 to 31 December 2020, ADB’s annual lending volume averaged $19.69 billion. Investment grants and technical assistance funded by ADB and Special Funds resources averaged $805.5 million and $230.81 million, respectively, over the same period.

As of 31 December 2020, cumulative commitments (excluding cofinancing) were $323.17 billion in loans for 3,369 investment projects in 44 countries, $11.3 billion in 495 grants, and $5.01 billion in technical assistance grants, including regional technical assistance grants.

In addition to loans, grants, and technical assistance, ADB uses guarantees and equity investments to help its developing member countries (DMCs).

With its headquarters in Manila, ADB has 44 offices around the world, with 3,653 staff from 64 of its 68 members as of 31 December 2020.
FINANCING PARTNERSHIPS

ADB arrangements of cofinancing from bilateral and multilateral sources, export credit agencies, and commercial sources in the form of loans and grants, B loans, risk transfer arrangements, parallel loans and equity, guarantees, and cofinancing for transactions under ADB’s Trade and Supply Chain Finance Program and Microfinance Program. Cofinancing brings additional resources to ADB’s project financing. In 2020, total sovereign and nonsovereign cofinancing commitments amounted to $16.41 billion for 236 projects, of which $16.15 billion was for 111 investment projects, $185.79 million was for 125 technical assistance projects, and $76 million was mobilized through transaction advisory services.

Cumulative sovereign and nonsovereign cofinancing commitments for the period 1970–2020 amounted to $127.16 billion for 3,051 projects, of which $123.92 billion was for 1,082 investment projects, $2.65 billion was for 1,969 technical assistance projects, and $593.5 million was mobilized through transaction advisory services.

Cofinancing commitments with Finland from 1 January 2016 to 31 December 2020 comprised the following:

Projects
- Sovereign:
  - Grants: 1 project, cofinancing of $22.34 million
  - Nonsovereign: 1 project, cofinancing of $1.09 million

A list of projects cofinanced by Finland is available at www.adb.org/what-we-do/financing-partnerships/sovereign-financing#donor-countries.

Trust Funds

Trust funds are key instruments to mobilize and channel external sources to finance technical assistance and components of investment projects. They play an important role in complementing ADB’s own funding resources. Initially, trust funds were established through single-donor channel financing agreements targeting a number of specific sectors. ADB has been increasingly switching to multi-donor trust funds covering thematic issues and theme-focused umbrella initiatives, called financing partnership facilities, which support priority areas such as water, clean energy, regional cooperation and integration, urban sector financing, and health. In close interaction with the fund contributors, ADB will use these resources strategically to promote innovation, enhance project quality, and provide critical support for project implementation.

Finland has contributed to the following trust fund:

Multi-Donor Trust Fund
- ADB Ventures Investment Fund 1—approved and capitalized at $60 million in 2020. It will invest in early-stage technology companies that generate climate and gender impact in Asia and the Pacific. The fund makes investments in cleantech, agritech, fintech, and healthtech companies, with a focus on Southeast and South Asia.
  » Cumulative commitment: €20 million
- Carbon Market Program: Future Carbon Fund—established in 2008 to support developing member countries undertake energy efficiency, renewable energy, and other projects to reduce greenhouse gas emissions through purchase of carbon credits
  » Cumulative commitment: $20 million

NONSOVEREIGN OPERATIONS

As a catalyst for private investments, ADB provides financial assistance to nonsovereign projects and financial intermediaries. Total commitments in loans and equity investments from ADB’s own funds in 2020 amounted to $1.4 billion for 38 transactions in economic and social infrastructure, finance sector, and agribusiness. ADB also actively mobilizes cofinancing from commercial and concessional sources. In 2020, ADB mobilized $1.9 billion of long-term project cofinancing and $3.3 billion of cofinancing through its Trade and Supply Chain Finance Program and Microfinance Program. Total outstanding balances and commitments of nonsovereign transactions funded by ADB’s own resources stood at $14.3 billion as of 31 December 2020.

ADB and the Finnish Fund for Industrial Cooperation invested equity in two regional private equity funds.

PROCUREMENT

Each year, ADB provides loans, grants, and technical assistance to fund projects and activities in its DMCs; and several billion dollars in contracts to procure goods, works, and consulting services. Most contracts are awarded on the basis of international competition, which is open to firms and individuals from all ADB members.

Share of ADB’s Procurement Contracts

Goods, Works, and Related Services
ADB’s procurement contracts in Asia and the Pacific for goods, works, and related services under loan and grant operations totaled $14.19 billion in 2019 and $22.79 billion in 2020. Cumulative procurement since 1966 has been $216.35 billion covering 222,415 contracts.

For contractors and suppliers from Finland, 43 contracts worth $78.19 million have been awarded since 1966.

Consulting Services
ADB’s procurement contracts in Asia and the Pacific for consulting services under loan, grant, and technical assistance operations totaled $756.72 million in 2019 and $732.11 million in 2020. Cumulative procurement since 1966 has been $14.13 billion covering 67,086 contracts.

For consultants from Finland, 157 contracts worth $76.72 million have been awarded since 1966.

* Loan, grant, or blend.
* G = sovereign grant cofinancing. NS = nonsovereign cofinancing.
* The program limit for ADB’s regional Trade Finance Program (TTF) ($1 billion since 2009, and increased to $1.35 billion in 2018 and $2.15 billion in 2020) is the maximum exposure the TTF can assume at any one point in time. This limit has never been breached. Although the TTF exposure exceeds the program limit, this limit was not breached at any one point in time because TTF transactions tend to be short—on average less than 180 days—and the program limit can revolve (be reused) within a year. In addition, the TTF distributes risk exposures to various partners that leverage its capital resources.

### ADB GOVERNOR
Elina Kalkku is the Governor for Finland in ADB.

### ADB ALTERNATE GOVERNOR
Satu Santala is the Alternate Governor for Finland in ADB.

### ADB DIRECTOR AND ALTERNATE DIRECTOR
Kris Panday (Canada) is the Director and Leena Viljanen (Finland) is the Alternate Director representing Finland on the ADB Board of Directors.

### ADB DIRECTOR’S ADVISORS
Marc Rooijackers (Netherlands) and Anders Ørnemark (Denmark), together with the Director and Alternate Director, also provide technical advice and assist interested parties of the constituency members in their contacts with ADB.

### CONSTITUENCY REPRESENTED
The constituency that Director Panday and Alternate Director Viljanen represent on the ADB Board of Directors also includes Canada, Denmark, Ireland, the Netherlands, Norway, and Sweden.

### ADB STAFF MEMBERS
As of 31 December 2020, there were five international staff from Finland in ADB (four men and one woman), which represents 0.38% of the total international staff.

### COMMERCIAL LIAISON TO ADB
The ADB Liaison Office at the Embassy of Finland in Manila provides technical advice and assists Finnish firms in pursuing business opportunities resulting from ADB activities. The Embassy of Finland in Manila closed in 2012 and then re-opened on 01 September 2020. The Embassy of Finland is located at The Finance Centre 27th Floor, 26th Street Cor. 9th Avenue, Bonifacio Global City, Taguig City, 1634, Philippines.
