IRELAND

The Asian Development Bank (ADB) is dedicated to reducing poverty in Asia and the Pacific through inclusive economic growth, environmentally sustainable growth, and regional integration.

Established in 1966, it is owned by 68 members—49 from the region—who have committed \$275.82 billion in loans to the vision of a region free of poverty.

Despite the region's many successes, it remains home to the majority of the world's poor.

Ireland has contributed \$502.35 million in capital subscription as of 31 December 2018. It has contributed and committed the equivalent of \$115.05 million to Special Funds since joining in 2006.

Companies and consultants from Ireland have since been awarded \$20.41 million in procurement contracts on ADB-financed projects.

In 2018, the lending volume was \$19.88 billion (126 projects), with technical assistance at \$241.2 million (280 projects) and grant-financed

projects at \$1.42 billion (44 projects). In addition, \$14 billion was generated in commitments from direct value-added cofinancing.

From 1 January 2014 to 31 December 2018, ADB's annual lending volume averaged \$15.99 billion. In addition, investment grants and technical assistance funded by ADB and Special Funds resources averaged \$583.95 million and \$184 million in technical assistance over the same period.

As of 31 December 2018, the cumulative totals excluding cofinancing were \$275.82 billion in loans for 3,090 projects in 44 countries, \$9.38 billion in 374 grants, and \$4.52 billion in technical assistance grants, including regional technical assistance grants.

In addition to loans, grants, and technical assistance, ADB uses guarantees and equity investments to help its developing member countries.

With headquarters in Manila, ADB has 32 offices around the world with 3,381 staff from 60 members as of 31 December 2018.

CONTRIBUTIONS TO SPECIAL FUNDS RESOURCES

Ireland has contributed to the [Asian Development Fund \(ADF\)](#), which was ADB's window for concessional lending to its borrowing members up to 31 December 2016 and retaining the ADF support as a grant-only operation from 1 January 2017; and the Technical Assistance Special Fund (TASF), which provides grants to borrowing members to help prepare projects and undertake technical or policy studies.

Contributions:
ADF (committed): \$106.58 million
TASF (committed): \$8.47 million

COFINANCING

ADB arranges cofinancing from bilateral and multilateral sources, export credit agencies, and commercial sources in the form of official loans and grants, other concessional cofinancing, B loans, risk transfer arrangements, parallel loans and equity, guarantees, and cofinancing for transactions under ADB's [Trade Finance Program](#). Cofinancing brings additional resources to ADB's project financing. In 2018, total direct value-added cofinancing commitments amounted to \$14 billion for 175 projects, of which \$13.87 billion was for 76 investment projects and \$129.89 million was for 99 technical assistance projects. Cumulative direct value-added cofinancing commitments for the period 1970–2018 amounted to \$97.97 billion for 2,697 projects, of which \$95.73 billion was for 914 investment projects and \$2.24 billion was for 1,783 technical assistance projects.

Trust Funds

Trust funds are key instruments to mobilize and channel external sources to finance technical assistance and components of investment projects. They play an important role in complementing ADB's own funding resources. Initially, trust funds were established through single-donor channel financing agreements targeting a number of specific sectors. ADB has been increasingly switching to multi-donor trust funds covering thematic issues. A more recent development is the establishment of trust funds under theme-focused umbrella initiatives, called financing partnership facilities, which support priority areas in ADB's long-term strategic framework, [Strategy 2030](#), such as water, clean energy, regional

cooperation and integration, urban sector financing, and health.

Ireland has contributed to the following trust funds:

Multi-Donor Trust Fund

- [Gender and Development Cooperation Fund](#)—established in 2003 to promote gender equality and women's empowerment in Asia and the Pacific
 - » Cumulative commitment: €0.8 million
- [Governance Cooperation Fund](#)—established in 2001 to improve transparency, accountability, predictability, and participatory aspects of decision-making in the public sector
 - » Cumulative commitment: €0.8 million
- [Fourth High Level Forum \(HLF4\) on Aid Effectiveness Trust Fund](#)—established in 2011 to support the travel and related costs of HLF4 participants from 100 developing countries
 - » Cumulative commitment: €0.1 million

NONSOVEREIGN OPERATIONS

As a catalyst for private investments, ADB provides financial assistance to nonsovereign projects and financial intermediaries. Total commitments from ADB's own funds (in equity and direct loans) in 2018 amounted to \$3.14 billion for 32 transactions in economic and social infrastructure, the finance sector, and agribusiness. ADB also actively mobilizes cofinancing from commercial and concessional sources. In 2018, ADB mobilized \$3.17 billion of long-term cofinancing and \$3.99 billion of cofinancing in trade finance, microfinance, and supply chain finance

programs. Total outstanding balances and commitments of nonsovereign transactions funded by ADB's own resources stood at \$12.7 billion as of 31 December 2018.

PROCUREMENT

Each year, ADB provides loans, grants, and technical assistance to fund projects and activities in its developing member countries; and several billion dollars in contracts to procure goods, works, and consulting services. Most contracts are awarded on the basis of international competition, which is open to firms and individuals from any ADB member, regional or nonregional.
