Distributor Finance

financing for distributors to cover purchase of goods for resale.

KNOWLEDGE AND CAPACITY-BUILDING PRODUCTS AND INITIATIVES

The web-based supply chain mapping tool maps vital medical products enabling governments, banks, investors, health care professionals, and companies to trace every component in products such as masks or portable ventilators, down to the metal and rubber that goes into each part.

<https://www.adb.org/multimedia/scf/#/>

Trade Finance Gaps, Growth, and Jobs Survey identifies market gaps for trade finance; shows why gaps exist; explains their impact on growth and jobs; and identifies actions to close the \$1.5 trillion (as of 2019) gap, particularly among small- and medium-sized enterprises.

The Digital Standards Initiative creates digital standards and protocols to drive interoperability between fintech platforms and component parts of the trade ecosystem.

Gender Initiative analyzes the human resource policies of the program's partner banks to recommend enhancements to attract, retain, and promote more women in banking.

<http://dx.doi.org/10.22617/TCS179171-2>

The Anti-Money Laundering Initiative aims to reduce unintended consequences of regulation and improve detection, investigation, and prosecution of trade-based money laundering.

Capacity-Building Initiative includes online courses on trade finance, supply chain finance, anti-money laundering, ending illegal wildlife trade, fighting modern slavery and human trafficking, and sustainability; as well as bank twinning.
