	1990 or Nearest Year	2011 or Latest Yea
PILLAR TWO: Social Inclusion to Ensure Equal Access to Economic Opportunity (continued)		
Access to Basic Infrastructure Utilities and Services		
Population with access to electricity percent		
by Residence		
Urban		
Rural		
Urban-to-rural ratio		
Share of population using solid fuels for cooking percent		
by Residence		
Urban		
Rural	•••	
by Wealth Quintile		
Lowest		
Highest  Proportion of population using an improved drinking water source percent		
by Residence Urban		
Rural		
Proportion of population using an improved sanitation facility percent		
by Residence		
Urban		
Rural		
Gender Equality and Opportunity		
Gender parity in education <sup>1</sup>		
Primary	1.00 (1995)	1.04
Secondary	1.03 (1996)	1.02
Tertiary	0.70 (1992)	1.10
Antenatal care coverage of at least one visit percent of live births		
by Residence		
Urban		
Rural		
Urban-to-rural ratio		
by Wealth Quintile		
Lowest		
Highest		
Highest-to-lowest ratio		
Antenatal care coverage of at least four visits percent of live births		
by Residence		
Urban		
Rural		
Urban-to-rural ratio		
by Wealth Quintile		
Lowest		
Highest		
Highest-to-lowest ratio		
Gender parity in labor force participation (Aged 15 and over) g	0.60	0.75 (2012)
Percentage of seats held by women in national parliament	***	
ILLAR THREE: Social Safety Nets		
Social protection and labor rating		
Social security expenditure on health as a percentage of government expenditure on health		
Government expenditure on social security and welfare as a percentage of total government expenditure <sup>e</sup>	7.3 (1995)	11.3 (2012)
GOOD GOVERNANCE AND INSTITUTIONS		
Voice and accountability <sup>h</sup>	0.3 (1996)	0.5
Government effectiveness <sup>h</sup>	1.2 (1996)	1.7
Control of corruption h	1.5 (1996)	1.8

- "..." = data not available, 0 or 0.0 = magnitude is less than half of unit employed, GDP = gross domestic product, kWh = kilowatt-hour, PPP = purchasing power parity.
- a Derived from income share of the highest quintile to lowest quintile.
- b Estimated using data from Global Health Workforce Statistics (WHO) and population from World Population Prospects: The 2012 Revision.
- c Figures refer to doctors with full registration in the local and overseas lists.
- d Figures refer to nurses registered or enrolled with the Nursing Council. Midwives also include those registered nurses in the general stream possessing a postbasic qualification in midwifery.
- e Data refer to central government.
- f Measured as the ratio of female gross enrollment ratio to male gross enrollment ratio.
- $g \quad \text{Measured as the ratio of female labor force participation rate to male labor force participation rate}.$
- h Presented in standard normal units of the governance indicator, ranging from -2.5 to 2.5 with higher values corresponding to better governance outcomes.
