Percentage of seats held by women in national parliament
PILLAR THREE: Social Safety Nets		
Social protection and labor rating
Social security expenditure on health as a percentage of government expenditure on health
Government expenditure on social security and welfare as a percentage of total government expenditure ⁱ	23.7 (1995)	24.2
GOOD GOVERNANCE AND INSTITUTIONS		
Voice and accountability ⁱ	0.7 (1996)	0.9
Government effectiveness ⁱ	0.8 (1996)	1.2
Control of corruption ⁱ	0.6 (1996)	0.9

"..." = data not available, 0 or 0.0 = magnitude is less than half of unit employed, GDP = gross domestic product, kWh = kilowatt-hour, PPP = purchasing power parity.

- a Data refer to percentage of low-income population to total population.
- b Derived from income share of the highest quintile to lowest quintile. Income is defined as disposable household income.
- c Data refer to total number of deposit accounts due to lack of information on deposit account holders.
- d Estimated using data from Global Health Workforce Statistics (WHO) and population from World Population Prospects: The 2012 Revision.
- e Figure for 2011 refer to nurses only.
- f Data refer to central government.
- g Measured as the ratio of female gross enrollment ratio to male gross enrollment ratio.
- h Measured as the ratio of female labor force participation rate to male labor force participation rate.
- i Presented in standard normal units of the governance indicator, ranging from -2.5 to 2.5 with higher values corresponding to better governance outcomes.
