

Advance Contracting Notice

Date: 5 June 2018

Country/Borrower: Nauru

Title of Proposed Project: 48480-NAU: Sustainable and Climate-Resilient Connectivity Project

Name and Address of Executing Agency:

Mr. Martin Hunt
Secretary, Ministry of Finance
Government House
Yaren, Republic of Nauru

E-mail Address: martinhunt.nauru@gmail.com

Brief Description of the Project:

The project will improve port operations in Nauru. The project will build a climate-resilient port in Nauru including a wharf, a berth pocket, and a breakwater at the port of Aiwo. It will also reconstruct port buildings, the container storage, and port security facilities. The project will support institutional reforms to strengthen the Port Authority of Nauru for sound and efficient port governance and management. It will also establish a revolving fund to ensure sustainable port operations and maintenance (O&M). The project is aligned with the improved sustainability, resilience and quality of life of all of the Nauruan people, economy, and society. It will improve reliability, climate resilience and efficiency of Aiwo Port.

Brief Description of Goods and Related Services, Works or Consulting Services to be Procured:

The advance contracting will be undertaken in conformity with ADB Procurement Guidelines (2015, as amended from time to time) and ADB's Guidelines on the Use of Consultants (2013, as amended from time to time). It will procure a civil works contract and recruit a supervision consultant firm following advance contracting procedures.

Civil Works:

The procurement of civil works will follow International Competitive Bidding (ICB) in accordance with ADB's Single-Stage: One-Envelope bidding procedures and will be open to interested bidders without nationality restrictions. The Works will include marine-based and land-based works. The marine-based works will consist of creation of a port basin/ berth pocket, the construction of a new quay walls for the wharf and a breakwater. The land-based works include the construction of a new secure container terminal, buildings, including warehouse building and office and port security arrangements

complying International Ship and Port Facility Security (ISPS) requirements. The contract period will be 22 months.

Consulting Services

The consulting services will be engaged for supervision of the civil works. An estimated 81 person-months (international) of consulting services will be recruited to facilitate construction supervision and project management. Consulting firms will be engaged using the quality- and cost-based selection (QCBS) method with a standard quality–cost ratio of 90:10.
