

Advance Contracting Notice

Date: 21 June 2017

Country/Borrower: China, People's Republic of

Title of Proposed Project: Guizhou Rocky Desertification Area Water Management Project

Name and Address of Executing Agency: Guizhou Provincial Government, Guiyang City, Guizhou Province, People's Republic of China

Brief Description of the Project:

The proposed project will help the Guizhou Provincial Government (GPG) reduce rocky desertification areas and improve livelihoods of people living in rocky desertification areas, by conserving water resources; restoring environment, ecology, and land productivity; and increasing resilience to climate change. The project is aligned with the following impact: livelihoods of people living in rocky desertification areas improved. The project will have the following outcome: rocky desertification area reduced. The project will include two outputs: (i) water resources conserved; and (ii) environment, ecology, and land productivity restored. The GPG will be the executing agency of the project. A project leading group has been established in the GPG. A project management office has been established under the project leading group in the GPG. Implementing agencies will be the Guizhou Water Resources Investment Co., Ltd (GWIC), Anlong County Government (ACG), and Nayong County Government (NCG).
