1. The Government of Solomon Islands has received financing from the Asian Development Bank (ADB) toward the cost of the Urban Water Supply and Sanitation Sector Project. Part of this financing will be used for payments under the contract named above. This contract will be jointly financed by ADB and the World Bank. The eligibility rules and procedures of the ADB’s Procurement Regulations will govern the bidding process. Bidding is open to Bidders from eligible source countries of the ADB.

2. The Solomon Islands Water Authority, trading as Solomon Water (“SW”) (“the Employer”) invites sealed bids from eligible Bidders for the construction and completion of the Sewer Works – Ranadi Road to Goodwood Outfall project (“the Works”). The Works include the construction, installation, testing and commissioning of sewer pipelines, pump station, outfall and associated works.

3. Open competitive bidding (international advertisement) will be conducted in accordance with ADB’s Single-Stage: One-Envelope procedure and is open to all Bidders from eligible countries as described in the Bidding Document.

4. Only eligible Bidders with the following key qualifications should participate in this bidding:

   - Participation as a contractor, Joint Venture partner, or Subcontractor, in at least one contract that has been satisfactorily and substantially completed within the last eight (8) years and that is similar to the proposed works, where the value of the Bidder’s participation exceeds USD 3,600,000 (three million six hundred thousand). The similarity of the Bidder’s participation shall be based on:
     - Laying at least 1.5 km of gravity wastewater pipelines.
     - Construction and commissioning of a wastewater pumping station of capacity at least 50 litres/sec.
   - For the above or other contracts executed during the period, a minimum construction experience in the following key activities:
     - Construction of gravity pipelines on flat or minimal grade (by the Bidder).
o Pumping station mechanical and electrical (M&E) monitoring and control equipment installation and commissioning (by the Bidder or its proposed Specialist Subcontractor)

5. To obtain further information, Bidders should contact:
