Brief Description of the Project:

The Government of Sri Lanka intends to apply for a loan from the Asian Development Bank (ADB) for the SASEC Port Access Elevated Highway Project (“The Project”).

The Project will finance (i) construction of a 4-lane elevated toll road with its length of approximately 5.4 km in Colombo with a ramp to the port; (ii) expansion of the existing ground-level port access road to 6 lanes; (iii) construction of related facilities such as port traffic flow control facility; and (iv) relocation cost of affected buildings of Sri Lanka Ports Authority.

The executing agency for the project will be Ministry of Higher Education and Highways. The Implementing Agency would be Road Development Authority.
Brief Description of Goods and Related Services, Works or Consulting Services to be Procured:

All procurement of civil works will be undertaken in accordance with ADB’s Procurement Policy and Procurement Regulations (July 2017, as amended from time to time).

The proceeds of the loan are intended to be used for the procurement of the following open competitive bidding procedure. The items below are indicative for the purposes of this advance contracting notice, and specific procurement notices will be issued later.

(i) Civil works for the elevated highway, expansion of the existing roads and construction of related facilities;

(ii) Civil works for relocation buildings construction; and

(iii) Consulting services for supervision.

It is expected that pre-qualification for the civil works will commence in Q3-2017.

Interested bidders from ADB member countries who wish to obtain additional information may contact the above-mentioned officer.
