1. The Social Republic of Vietnam has received financing from the Asian Development Bank (ADB) toward the cost of the **Ha Noi and Ho Chi Minh City Power Grid Development Sector Project**, and it intends to apply part of the proceeds of this financing to payments under the contract named above. This contract will be jointly financed by the ASEAN Infrastructure Fund. The eligibility rules and procedures of ADB will govern the bidding process.

2. The **Ho Chi Minh City Power Project Management Board** on behalf of The Ho Chi Minh City Power Corporation (EVNHCMC) invites e-bids from eligible Bidders for **Construction and installation of the 220-110kV overhead transmission line from G17A to G21 (including section 02 110kV circuit connected to the Hoc Mon 2 110kV substation)** with the completion period of 240 days.

   Location of Project is spread along Xuan Thoi Thuong and Xuan Thoi Son communes are located in Hoc Mon District, Ho Chi Minh City.

   Principal quantities involve:

   - Construction of foundation and installation of single column and 4 circuit shaped steel column (including 02 220kV circuits and 02 110kV circuits) from VT77 to VT57 with a route length of about 7.7 km
   - Construction of foundations and supply and installation of single columns 110kV line 2-circuit section from VT32 to VT48 with a route length of about 1.1 km
   - Supply and installation of complete grounding for the pillars
   - Installation of electrical insulation, accessories and pull wires, lightning arrester, fiber optic cable.

3. **National Competitive Bidding** will be conducted in accordance with the ADB’s [Single Stage – One Envelope](#) bidding procedure and is open to all eligible Bidders as described in the [Bidding Document](#).
4. Only eligible Bidders with the following key qualifications should participate in this bidding:

- Minimum average annual construction turnover of VND 420,586,500,000 calculated as total certified payments received for contracts in progress or completed, within the last three (3) years.
- The cash-flow requirement for this contract of VND 78,860,000,000.
- Participation in at least one (1) contract that has been successfully or substantially completed within the last five (5) years and that is similar to the proposed works, where the value of the Bidder’s participation exceeds VND 106,000,000,000. The similarity of the Bidder’s participation shall be based on the physical size, nature of works, complexity, methods, technology or other characteristics as described in Section 7 - Requirements for construction (which is at least Construction and installation of overhead lines with voltage level ≥220kV).

The qualification criteria are more completely described in the Bidding Document.

5. A complete set of Bidding Documents in Vietnamese is freely available on Vietnam National e-Procurement System (www.muasamcong.mpi.gov.vn) until 16:00 hours on 10 February 2022.

6. e-Bids must be submitted via Vietnam National e-Procurement System at or before 16:00 hours (local time) on 10 February 2022. Late bids will not be accepted. Bids will be opened online on 10 February 2022 at 16:00 hours (local time).

All bids must be accompanied by a Bid Security as described in the Bidding Document.
